This is the forth and final part of my series about the Craig Mackinlay fraud and how it is just one of very many psyops used by the '*Establishment*' to control the UK population. It is also a direct continuation of Part 3 "A Harsh Lesson In History". You may also like to read an addendum to Part three entitled "Who Is The Real Crook" before reading this final part.

… Moreover, BoJo's brother the former MP Joe Johnson is almost certainly involved in the frauds too.

I mean especially with Joey – *now Lord Joe* – doubling up as the current Deputy Leader of the Opposition, Oliver Dowden:

Now the first thing that I should point out is that somtimes Dowden's ears are little and other times they are like Dumbos.

Jo Johnson & Oliver Dowden... Their teeth are an exact match.
And both could use a toothbrush scrubbing

Dowden with Terry May & Johnson inset

Mind you, in the above image Dowden's gnashers look to be false, which of course doesn't rule out Johnson's pearly-yellows being likewise.

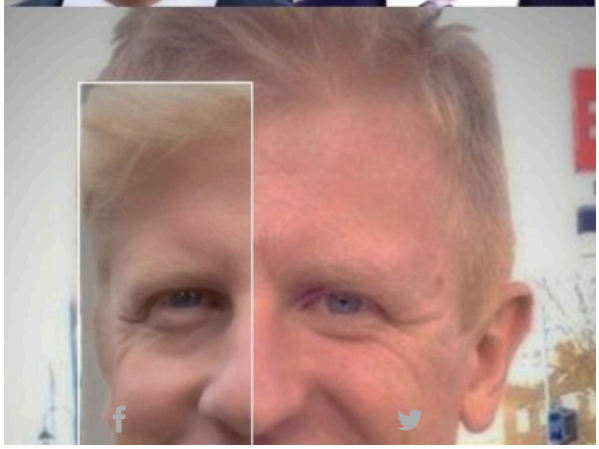
Johnson vs Dowden... Course, straight away I can see that I am going to be hampered in my task by the old squint eyes - wide eyes trick.

Told ya! Still both halves still fit exactly with each other. Even the hair.



Moreover, either of those two could also double up as Ruth George.

PHOTO: Ruth George

Here, let me do you a very quick comparison:

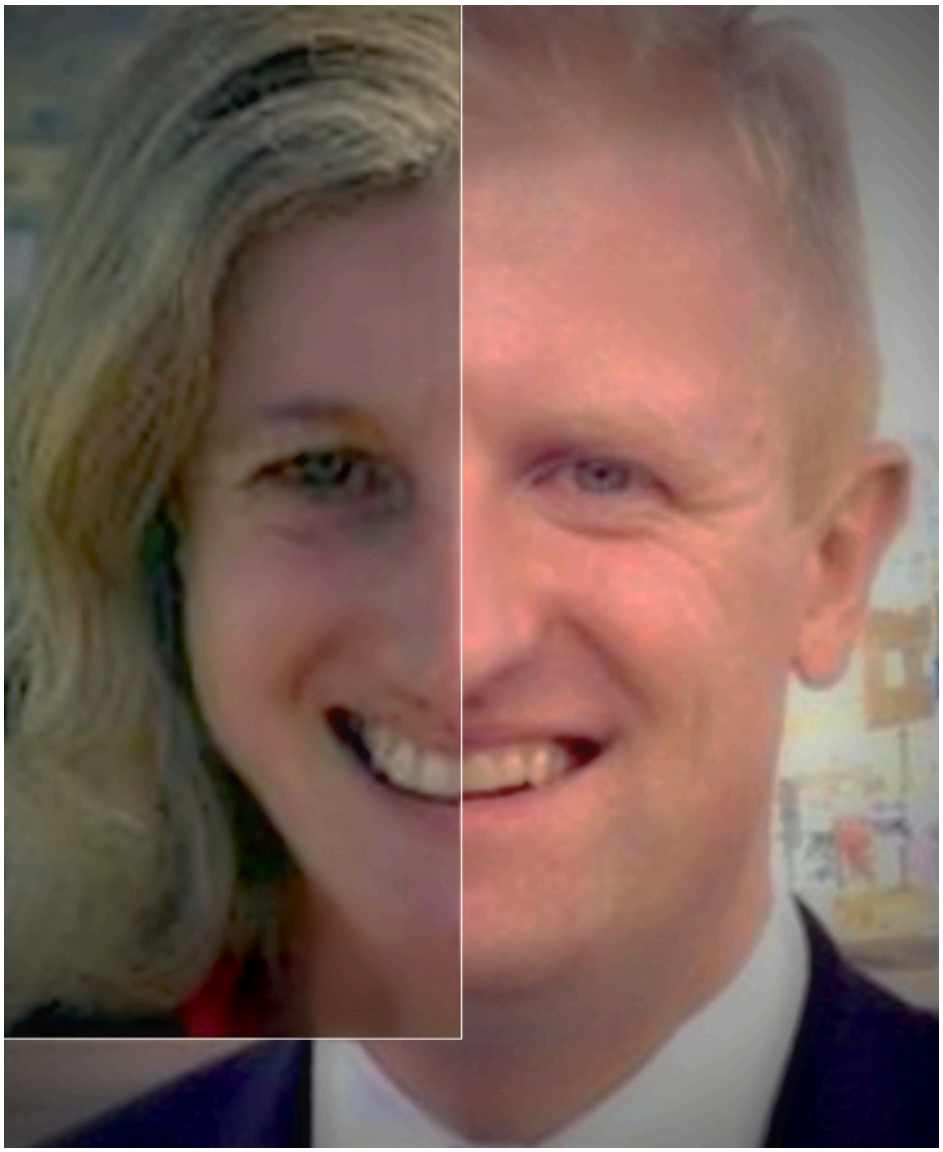


PHOTO: Oliver Dowden & Ruth George comparison.

Mind you, I like Ruth for one reason and one reason only. And that is because she questioned if ex PM Terry May is really a man:

Nevertheless as I say, that was a very quick comparison done in a fraction of the time it usually takes me to find the right photos, etc, etc, because this next section is more about "*What Is In A Name*".

And as I am forever saying, there are always two or three actors playing the part of one person and Rachel Whetstone is definitely another who plays Ruth.

However, Rachael Whetstone is a very long article all by herself and I just wanted an excuse to bring up Ruth George – *continuity see, go me* – because she is a prime example of '*what's in a name*'… Although I have to tell you that Whetstone had an affair with Annabel Astor's husband, William – Which obviously went down like the WTC twin towers with Sam & Dave Cameron.

The following is taken from Ian Bones website:

David Cameron's best female friend – Rachel Whetstone, 'Queen Bee' of the 'Notting Hill Set' and Michael Howard's former chief of staff – has been shagging his wife's stepfather – while he's married to his wife's mother!

Rachel Whetstone has been having a sordid affair with Viscount Astor – former Tory leader in the House of Lords – who is Samantha Cameron's stepfather. But there's more… All this time Rachel Whetstone was the partner of Steve Hilton – Cameron's chief of staff!

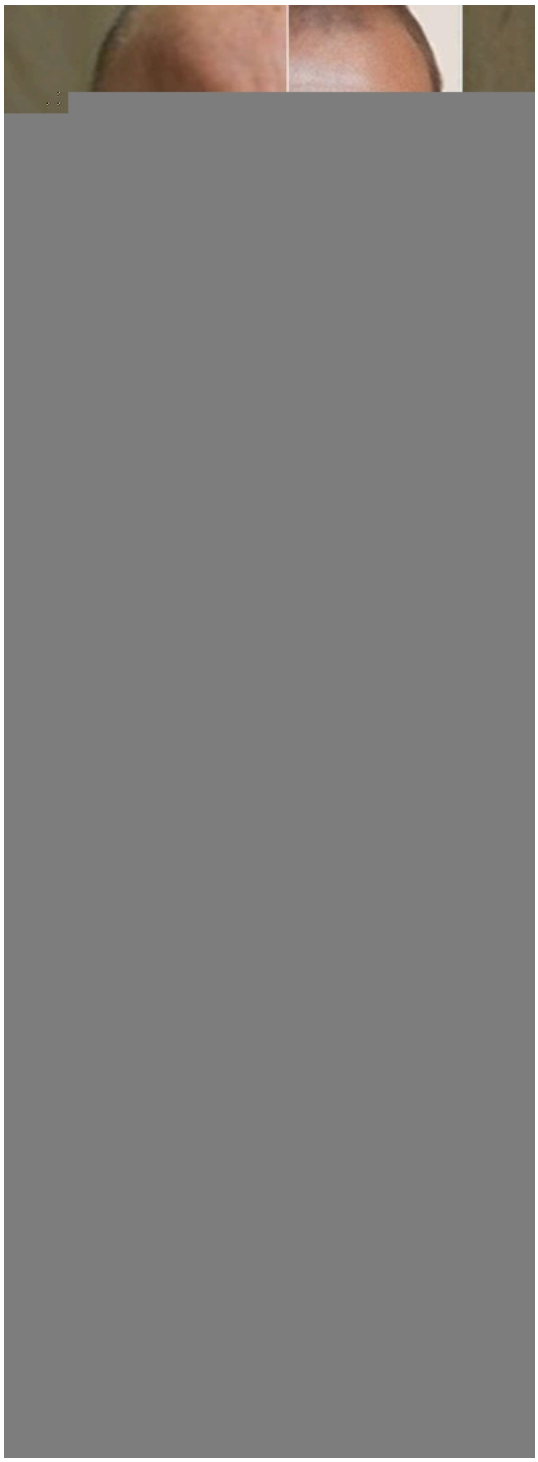
It is also worth noting that Hilton and Whetstone were Godparents to the Cameron's son Ivan.

And as an aside; Steve Hilton – *a very important short house of a man* – played a big role in the "Spy In The Bag" murder/mystery total, utter bollox:

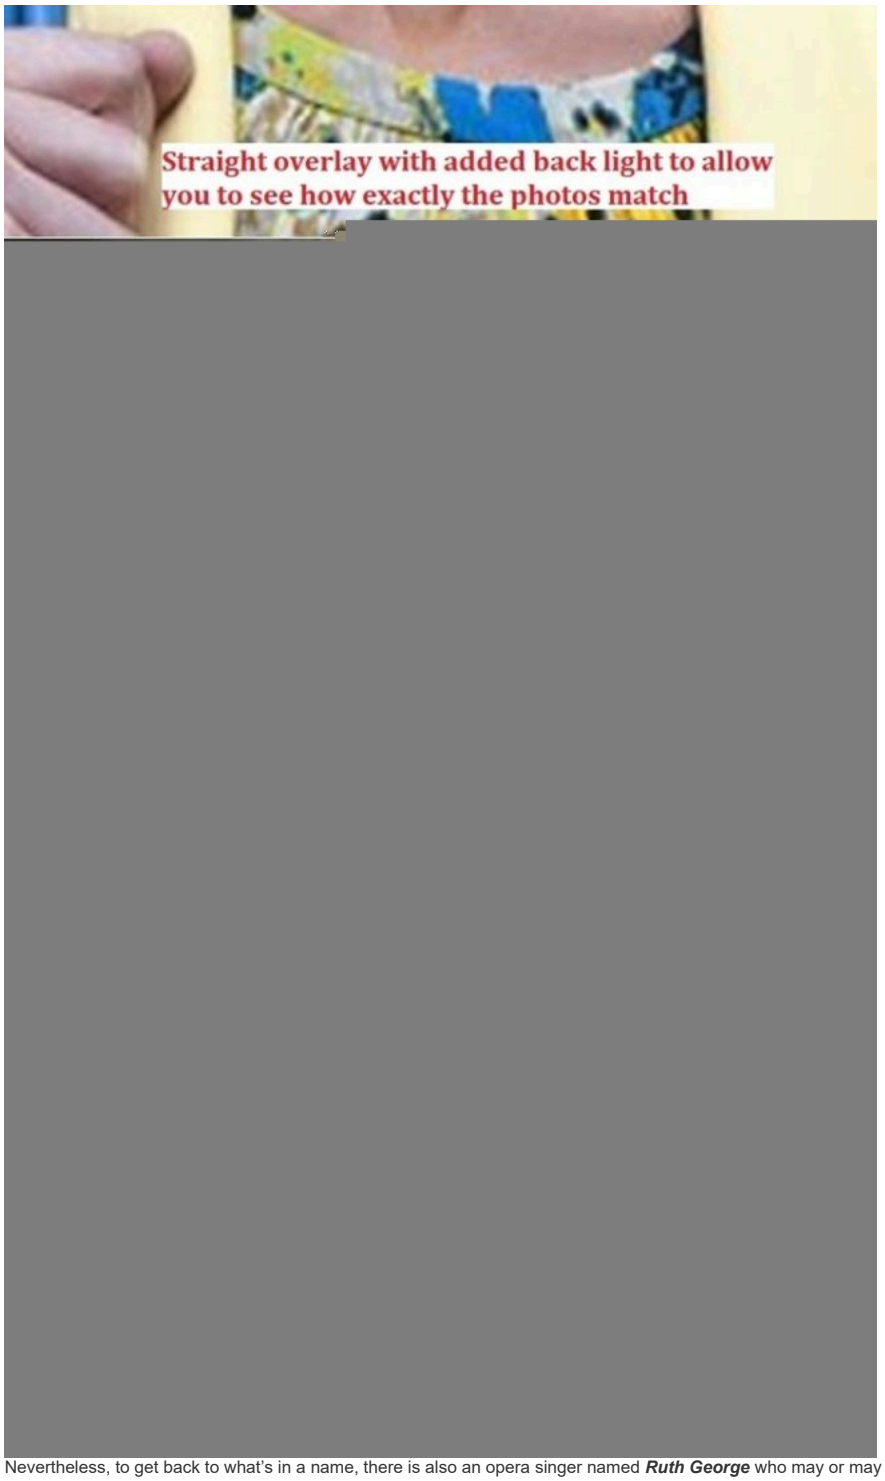
Gareth Wyn Williams (26 September 1978 – c. 16 August 2010) was a Welsh mathematician and Junior Analyst for GCHQ on secondment to the Secret Intelligence Service (SIS or MI6) who was found dead in suspicious circumstances in Pimlico, London, on 23 August 2010, at a flat used to house Security Service's staff. The inquest found that his death was "unnatural and likely to have been criminally mediated." A subsequent Metropolitan Police re-investigation concluded that Williams's death was "probably an accident" – Wikipedia.

Steve Hilton, believe it or not played the part of MI 6 Spy, Gareth William's and William's girlfriend.

Williams - Like Hilton - was a fanatic cyclist, yet all photos of Williams riding have his face looking like a chimpanzee.



Gareth Williams & his bird



Nevertheless, to get back to what's in a name, there is also an opera singer named ***Ruth George*** who may or may not play the role of RUTH Smeeth MP:

Smeeth certainly has the nose & dimples, chin, bags under the eyes & eyebrows for it to be so.

However, what is for certain is that Soprano Ruth is also a crisis actor who played an Australian Nanny, missing after the London Bridge psyop.

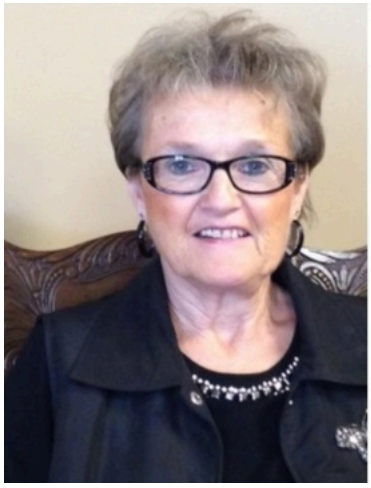
Yet another fucking Aussie!

And as is always the case, the Cunt's can't help but take the old bollox to the extreme by claiming that Nanny Oz narrowly avoided the Westminster Bridge & Manchester Arena Terrapin attacks… Now, what would be the fucking odds on that?

I will also remind you once again that if I didn't know what I was talking about, how in the name of fuck would I be able to connect these criminals?

So here is another Ruth George:



Director

Ruth George

Formosa ON

director@greybruce55plusgames.ca

And this Ruth George is the double of Sally Jacobs:

Ruth George & Sally Jacobs... The ears & chin are the same.

Sally Jacobs being a famous Stage Director.

Now look at this well-to-do family:

Clark Family Fund

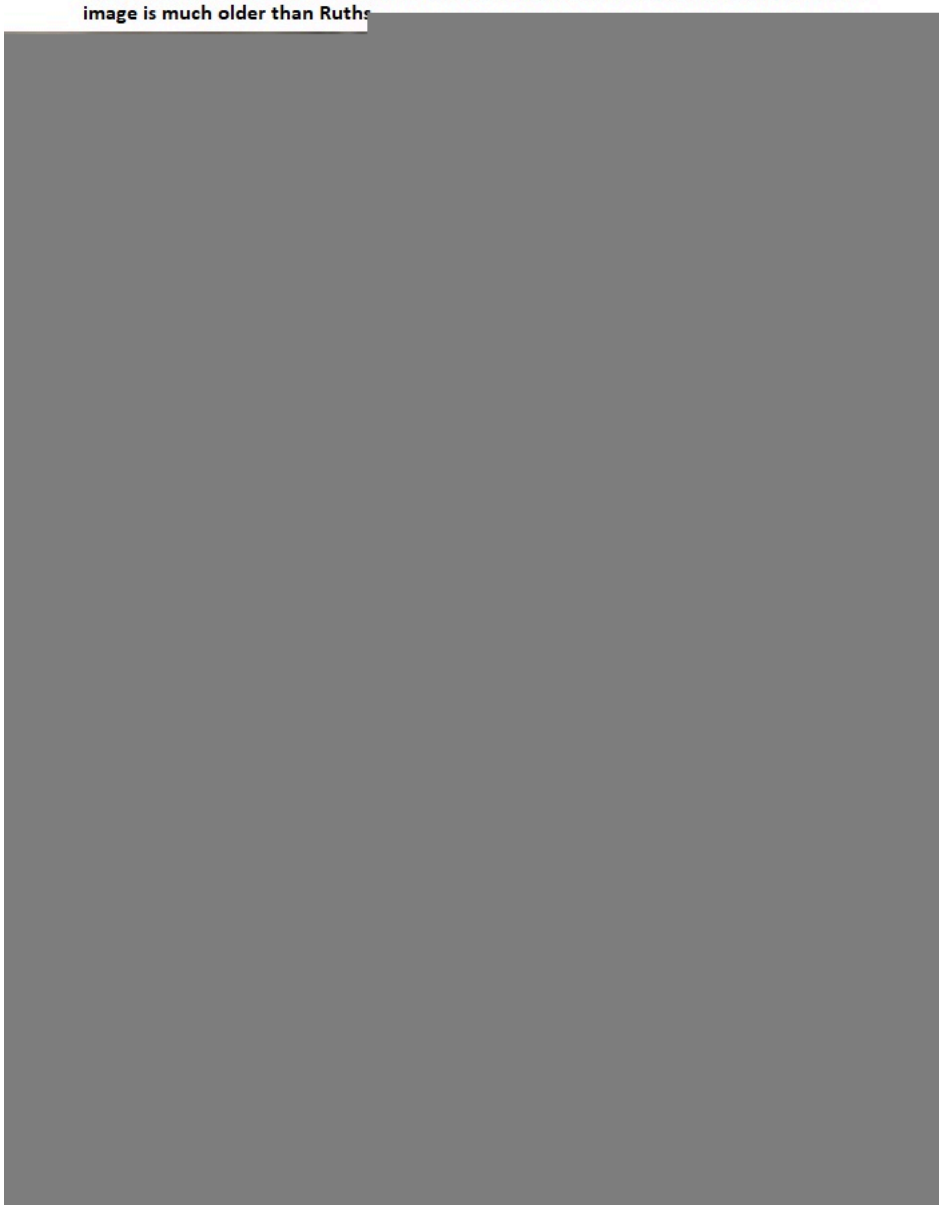
The Clark Family Fund was established in 2009. Charles and Sue have long been supporters of our work and Charles was our Chairman of Trustees from 2003-2009, he now remains active as a Vice President and a trustee of our national membership organisation, UK Community Foundations.

The aim of the Clark Family Fund is to support voluntary and community activity and in particular organisations supporting young people.

Very generous of them… Cept they both look very familiar!

I mean for starters Sue Clarke looks very much like Ruth George/Sally Jacobs:

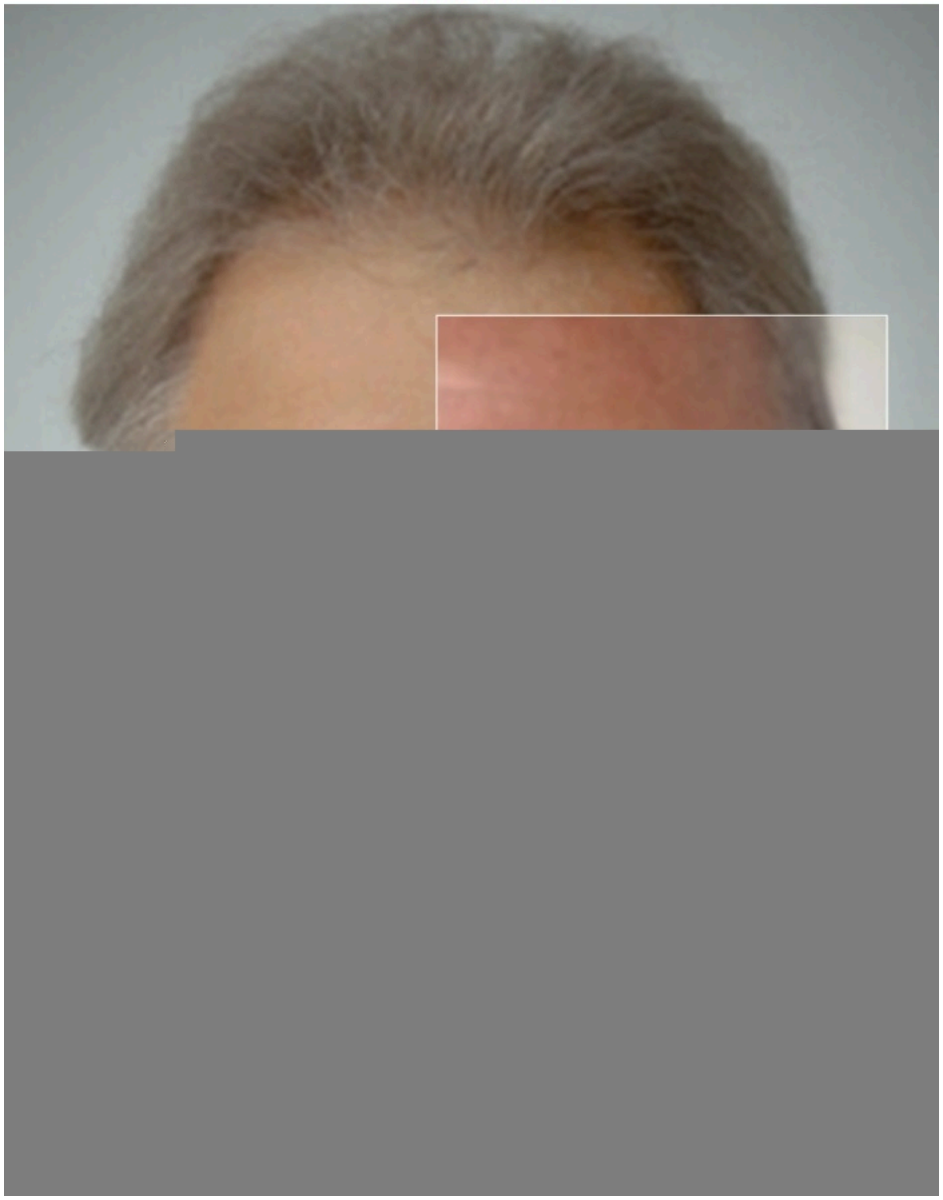
Sue & Ruth and do bare in mind that different glasses are used as a disguise and Sue's image is much older than Ruth's



And as for Charlie Clarke?

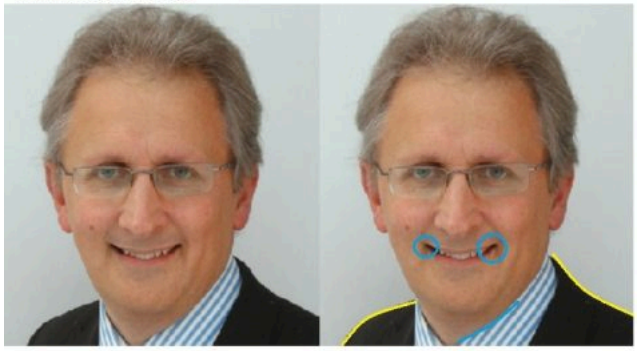
Well, he looks very much like the MP, Andrew Bingham:

Clarke & Bingham



Now that comparison is pretty conclusive, and as things would have it, Bingham is also a ringer for our original Ruth George… Dot to dot to dot to dot:

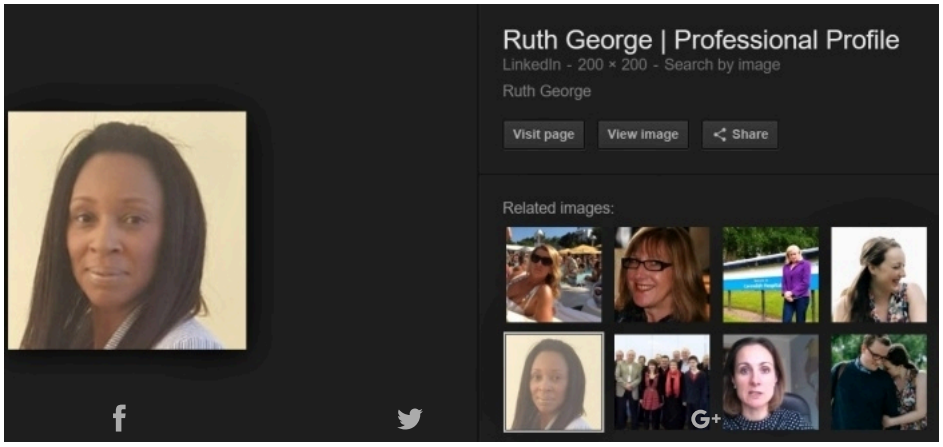
First off notice the teeth which resemble the shape of a horses hoof.
Then enlarge the photo and you will see a line across her teeth which used to be her bottom lip line.
Then notice at either end of her mouth the two great big black blobs that pass for matching in.
There are of course other things altered but the mouth is the all important giveaway.



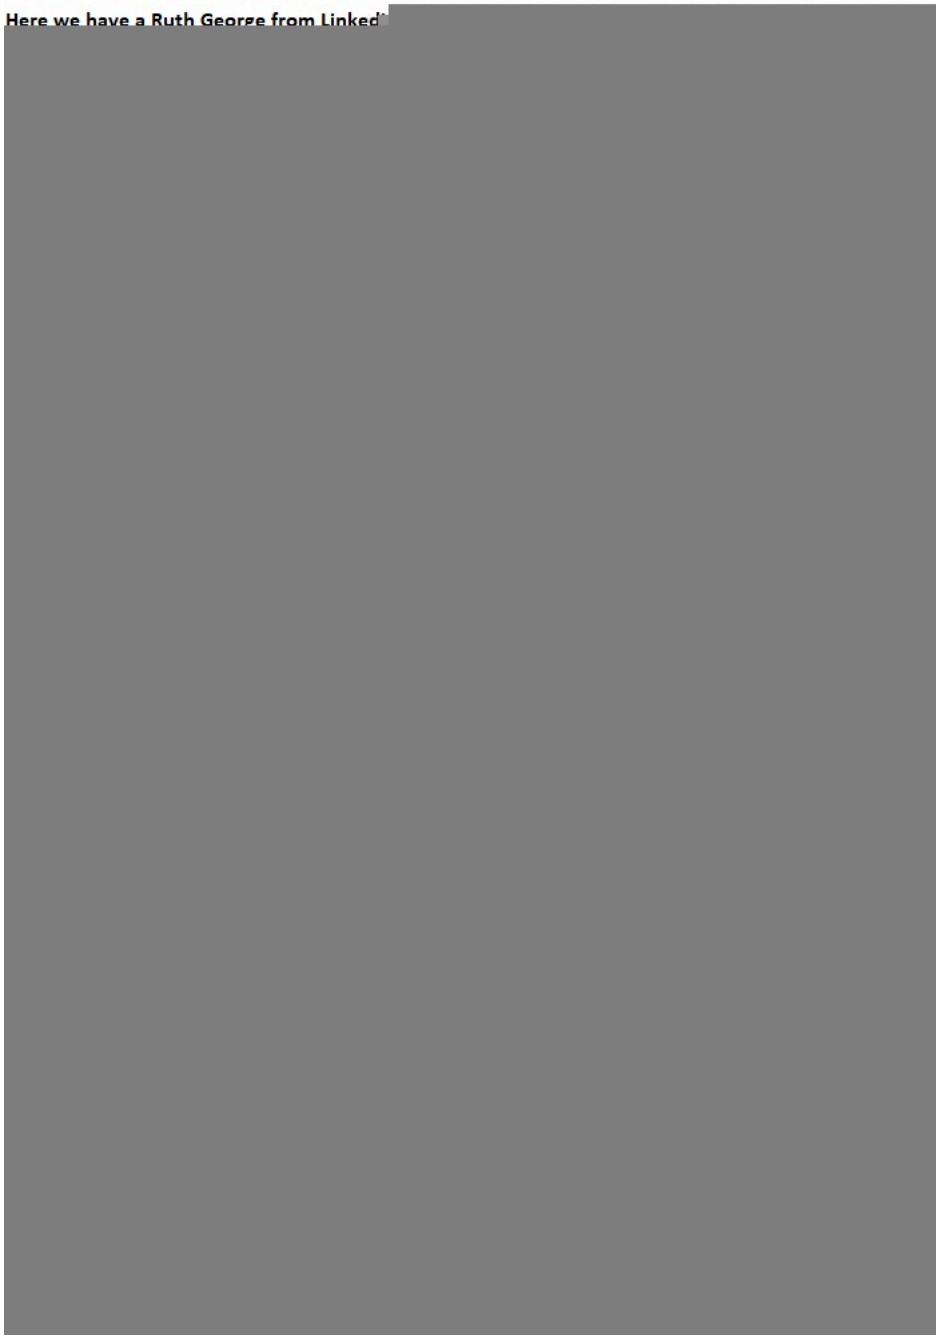
First off notice that Bingham is on a plain background. He hasn't been cut out and plonked on there, the background has been 'painted out' hence the raggedy edges on his jacket, ears etc.
Now notice how his collar sits wrong on his neck. That is because it has been painted on and indeed whoever did it, did a shite job of the blue stripes.
And then notice the black blobs at either end of his mouth.

Indeed, they are relentless.

And neither are we finished there with "*What Is In A Name*".



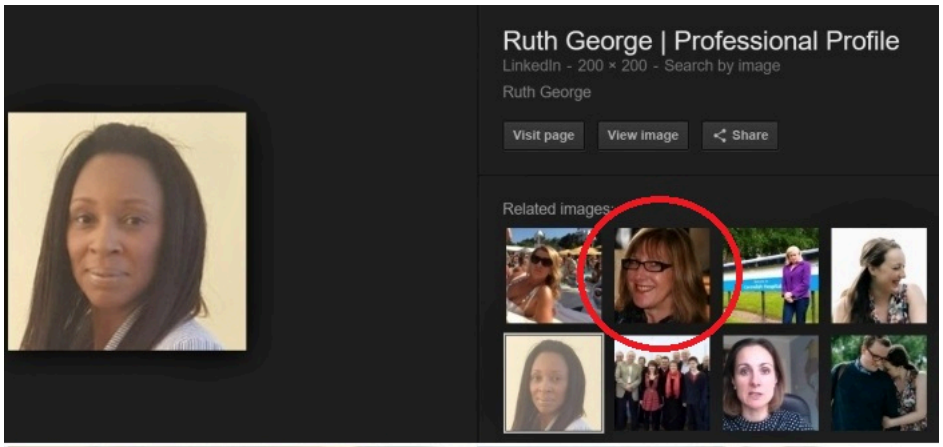
Here we have a Ruth George from Linked



In fact here is another case in which Debbie Abrahams morphs into the MP Helen Grant:

Debbie Abrahams & Helen Grant.

And then there is this Ruth George (*circled in red*) who looks a lot like the once prospective UKIP MP Ruth Clarke:

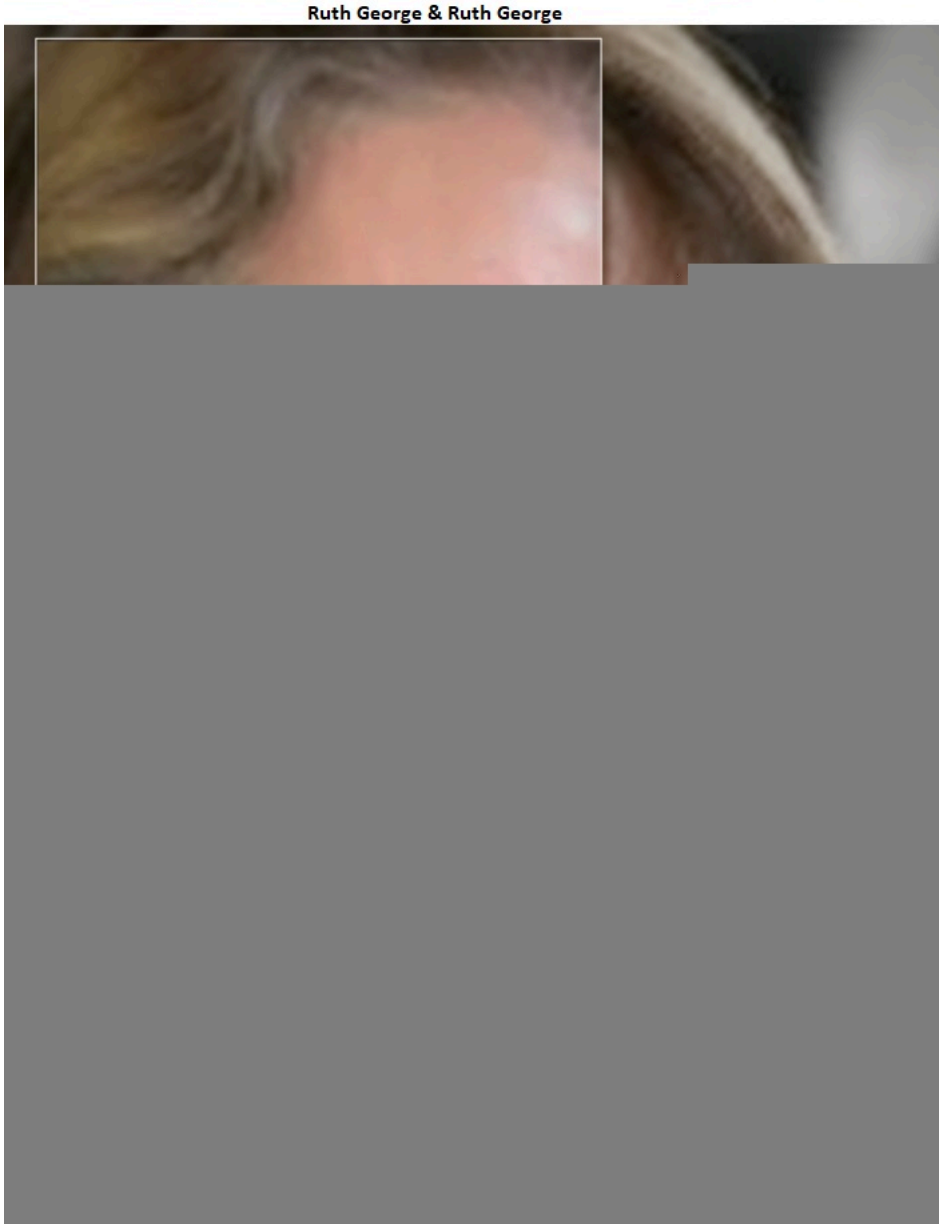


RUTH George & RUTH Clarke

In turn, Ruth Clarke looks like Ruth George:

Indeed, we really are getting good mileage from the name, but best we cross-check Ruth George with erm… Ruth George:

Ruth George & Ruth George



And this leads us to UKIP's Michelle Brown:

Michelle Brown is the double of Ruth George:

And in turn, Brown is the splitting image of the award winning journalist, Jemma Collins:

And trust me when I say that I have a lot more on the name: Ruth George. But I think that will do for the moment.

Okay, now a lot of you have been asking me for my take on the recent riots originally triggered by the Muslim's anger at the head-kicking Bobby and further stirred up by the murder of three little girls who were supposedly having a dance lesson.

An armed British police officer has been filmed kicking a man in the head as he lay on the ground in an incident that has been denounced as an example of police brutality.

Greater Manchester Police confirmed that the attack on the man took place at Manchester Airport on Tuesday. Source

Now, I have to say that I have been a bit too tied up what with writing about other things to have followed all of this old fanny too closely.

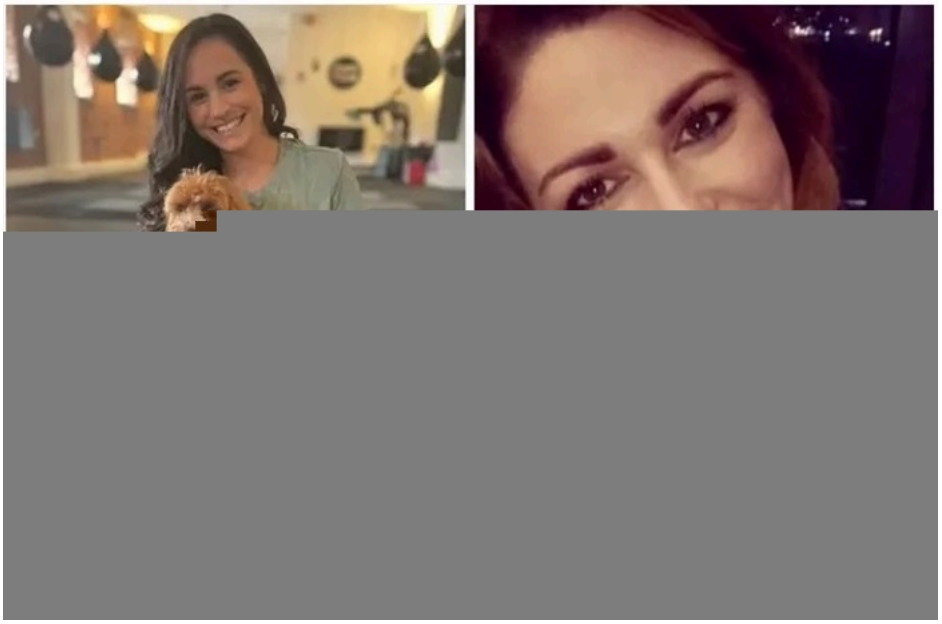
However, I knew from the start that there was a psyop in play because I have been busy going through my photo archives and I recognised the fella being kicked in the head by the copper… Despite the very limited images of him – which was also sort of a clue.

Hamma Boothead Hamma Terrapin

And from then on the old bollox just kept on flowing. I mean the 3 little girls murdered was just a repeat of the Dunblaine fraud all over again cept with knives not guns.

Course no one – *no matter how off his head* – targets little children with murder in mind, yet we once again have “hero” teachers shielding the kiddies, just like they did in Dunblaine.

The three murdered schoolgirls.



Now obviously with this attack being a psyop the facts are muddled.

I mean for starters the Monday morning class is billed as being a yoga & bracelet making event, which is a bit of a strange pairing and then quickly shifted to being a Taylor Swift themed workshop:

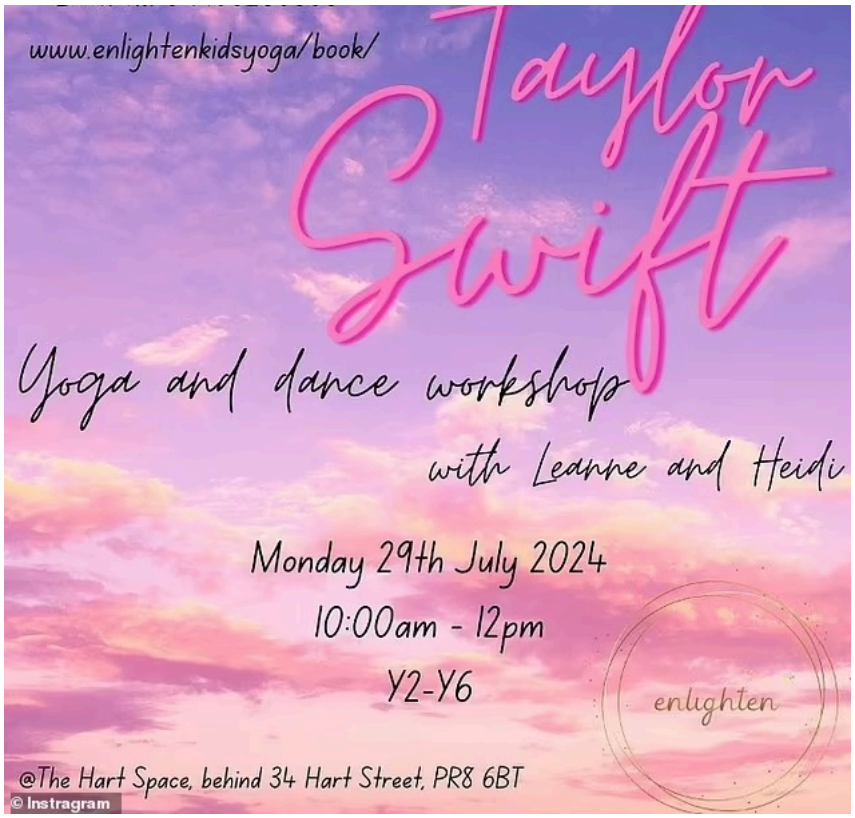
Two hero dance class teachers saved up to 16 innocent children from being attacked by a masked killer who ambushed a Taylor Swift-themed workshop in Southport yesterday by locking them in a toilet and getting them to a fire escape.

Brave Leanne Lucas, 35, who organised the yoga and bracelet making class is among the victims fighting for her life in hospital after the ‘ferocious attack’ that left three children dead. Source

Is Taylor Swift into yoga & bracelet making then? Are children aged between six & eleven into yoga?

I’m fucked if I know! And why the age stipulation – Yr 2 – Yr 6?

However, the Daily Mail article has been updated and it appears that the bracelet making bollox was dropped and “dance” added, I would imagine to make it more inline with Taylor Swift. Nevertheless, since “bracelet making” is not on the poster, you have to wonder where the press got that idea:



The report then continues:

Eight other children were injured with five of them – aged between six and 11 – in a critical condition alongside two female adults who 'bravely tried to protect them'.

Yet since the attack which took place on the 29th of July there has been no update on these other eight children and no names given.

Ms Lucas and her co-organiser and dance teacher Heidi Barlow, also 35, saved 16 children as the 25-strong class aged between six and 11.

Ms Barlow was also injured in the attack, although not seriously, MailOnline understands.

However, serious enough for her to require hospital treatment it would seem:

On Tuesday it was reported that Ms Lucas managed to lead some of the children at the event to safety through a fire escape before she was critically injured by the knifeman.

And that sorta suggests that they were in an upstairs studio, which they weren't and that Leanne Lucas was attacked outside… It also suggests that she left some of the children to fend for themselves.

Her colleague managed to escape serious injury and save several children by locking herself inside a toilet with them until police arrived, the Sun reports.

Now take note of that sentence because it implies that Heidi Barlow saved the rest of the children, with the rampaging maniac too wimpy to kick down a toilet cubicle door.

Two female adults were rushed to hospital after police say they 'bravely tried to protect them' from the attack at the Hart Space Studios on Hart Street.

Hmmm, haven't we just read that Heidi Barlow was not seriously injured? In fact how was she injured at all if she was hiding in the toilet… Very strange.

There are thought to have been around 25 children aged between six and 11 taking part in the workshop for schoolkids in years two through to six when the horrific attack took place.

One resident said two female yoga teachers leading the class were wounded as they desperately tried to save the children.

He told The Sun: 'She was in the toilet, shut the door and locked it with one of the kids. The other got some kids to the fire exit.'

Ahhh, and here we have the usual deliberately bad journalism, but this '*witness*' is obviously talking about Heidi Barlow… And it seems that she only had the one child with her, so unless Leanne Lucas shepherded 24 girls out of the studio then the others were – *as I say* – left to fend for themselves.

They added: 'I heard some lads from the builders yard and a window cleaner came out and tried to help. They heard shouting,'Get the kids, get the kids'. I don't know if they've tackled him. I heard someone sat on him.

"They"??? Surely the hack means "he"!

'A friend of mine, his two little daughters have been stabbed.

'Little girls were getting worked on in gardens and mums were crying their eyes out.'

Yeah right.

The suspect, who cannot be named for legal reasons, was apprehended at a gym after a personal trainer helped to apprehend him, The Times reports.

So, a lot of good the lads from the builders yard & the window cleaner were! But why the fuck did the maniac go to a gym, where big burly fellas were likely to be?

The newspaper was also told that a neighbour took around ten girls to safety in his house and was helped by another resident.

'The community was coming together, everyone was trying to help,' he said. 'Everyone was trying to save the young kids.'

And there we go, this "*neighbour*" took in 10 kids despite the police being there but was sure to let everyone know how "*the community*" had come together… In double quick fucking time too.

It has also emerged that businessman Jonathan Hayes tried to disarm the knifeman after hearing screams from his office.

The 63-year-old was stabbed in the leg after running into the studio to intervene.

Oh… Another fucking 'hero'. But surely he was rushed to hospital too, yet the police spokesman seems to have ignored that fact. However, his wife had the following to say:

'I've been with him all afternoon at the hospital. He's very upset that he wasn't able to be more help. Physically he will be okay, mentally I don't know.'

Course you can't say sweetheart. Let's just hope and pray he gets the right counselling.

PHOTO: Jonathan Hayes… It's touch & go whether he will spend the rest of his life mental or not.

I will bet Jon the Don spent his entire adult life up to now being told that he looks exactly like the veteran MP James ~~Cunt~~ Hunt.

Shhhh.

And obviously the Daily Mail article is littered with the usual images of flowers being handed to cops, tough looking fellas in tears and people walking freely round the crime scene while the men who point a lot go about their investigation.

Course, the reason for the scriptwriters having little kiddies murdered is three fold – 1) it is heartbreaking. 2) it causes outrage. 3) Nobody dare question the narrative.

Meantime, the reason for the fraud is also three fold – 1) it is designed to covertly create racial hatred for Muslims using the exact same blueprint that the Nazi's used against the Jews. 2) it helps the ongoing agenda to ban hunting knives and such, in the same way that Dunblaine disarmed the public of guns. 3) put a stop on people protesting.

Now read this from December 27th 2017:

Charlotte Reat, 21, said her mother Jayne was "murdered in front of my eyes" in the shocking attack in Lisburn, Belfast.

The 43-year-old woman received two stab wounds to her head as she shielded Charlotte, who also sustained injuries.

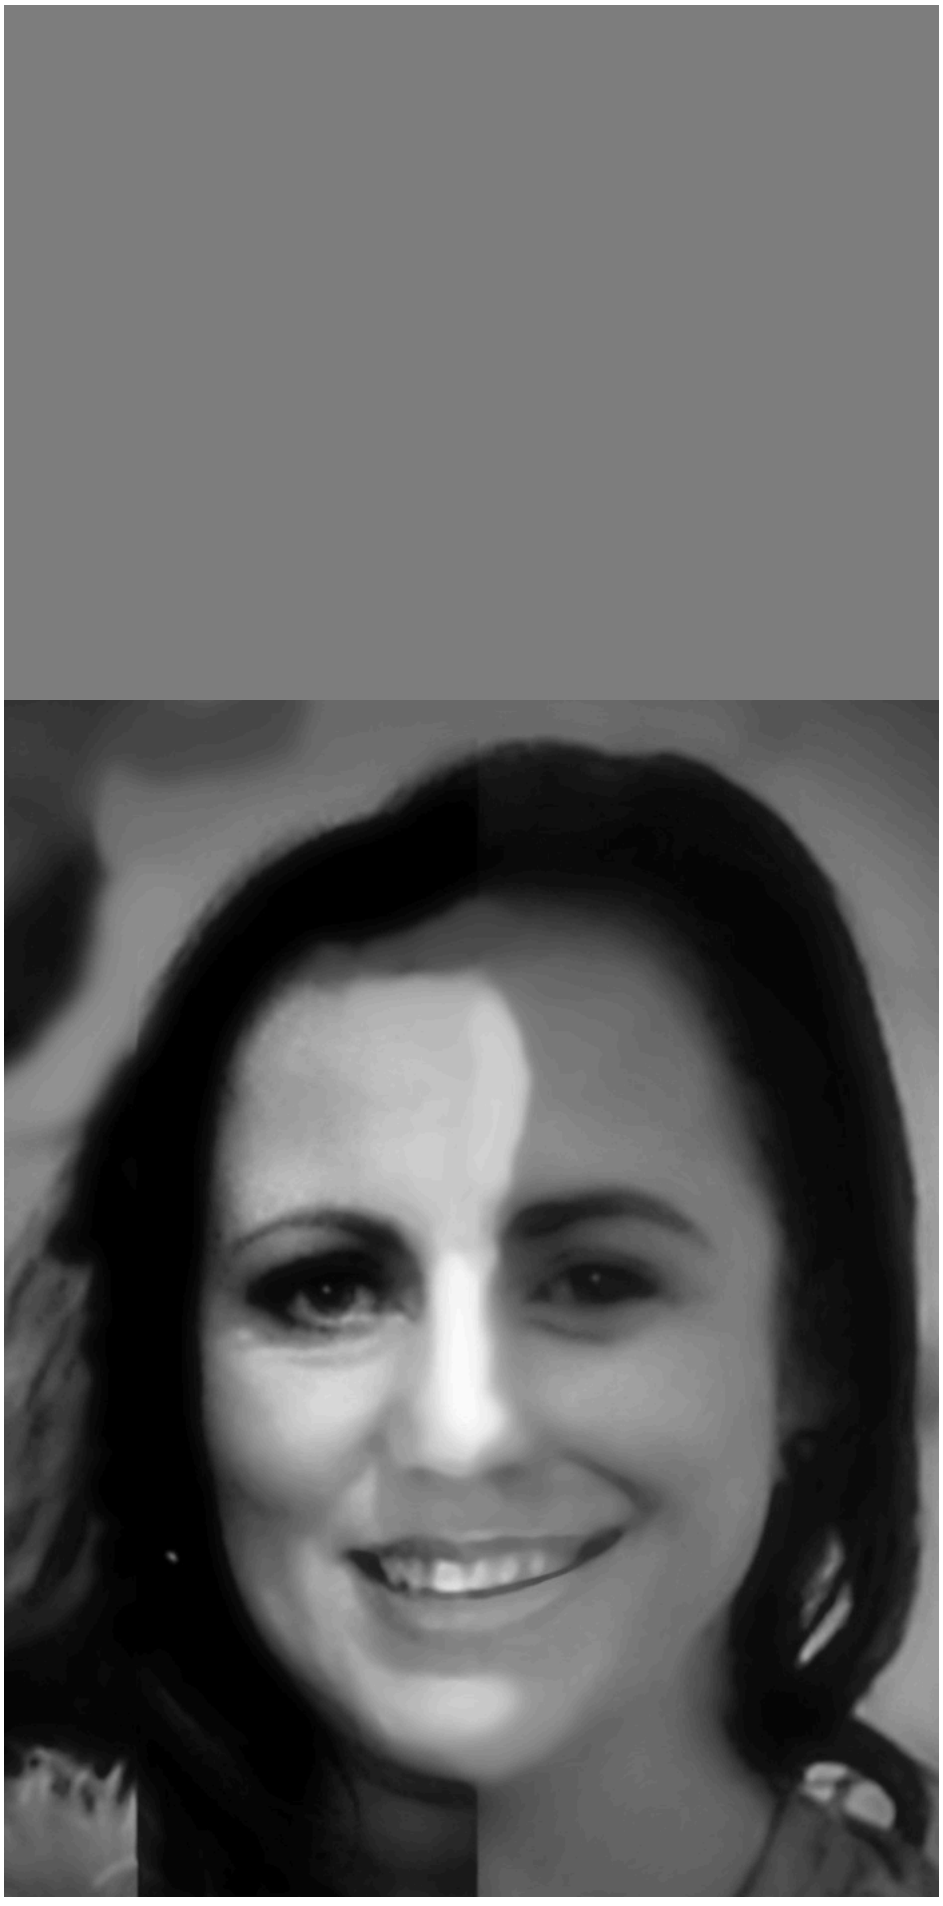
So once again we have the 'hero shielding the victim' old bollox.

Police officers and ambulance crews were called to the scene shortly after 6am on Christmas Day.

A 19-year-old man has been arrested and a murder investigation has been launched.... Continue Reading

And it was instantly obvious to me that Jayne Reat was/is Leanne Lucas:

Leanne & Jayne.



And she/they could also be Gemma Clarke who was STABBED to death in 2002:

A 33-year-old man who handcuffed and stabbed to death a 16-year-old schoolgirl in his car was today jailed for life.

Darren Cornelius pleaded guilty to murdering Gemma Clarke, a farmer's daughter from Martock, near Yeovil, in Somerset, between February 26 and March 1 this year.

However, since there is only the one image of Gemma on the net it is really hard to say if she is Leanne or not.

GEMMA CLARKE - "bubbly personality"

And I have to say that they certainly look to be the same person to me.

Moreover, both Leanne Lucas & Jayne Reet appear to be played by – *or Satanically connected to* – the MP's, Michelle Donelan & Bridgette Phillipson:

Leanne Lucas & Bridgette Phillips MP... Teeth?

PHOTO: Leanne Lucas & Bridgette Phillipson MP

PHOTO: Jayne Reet & Michelle Donelan MP

PHOTO: Leanne Lucas & Michelle Donelan MP.

And as you hopefully know by now that is par for the course.

Moreover, we can introduce the MP Julia Lopez into the mix:

So what about the other teacher, Heidi Barlow, who as far as I can tell is no longer being advertised as injured in the psyop.

In fact it has all gone a bit quiet on that front. Nevertheless, there is no doubt in my mind that Heidi Barlow is Leanne Lucas… That is to say as far as their images go:

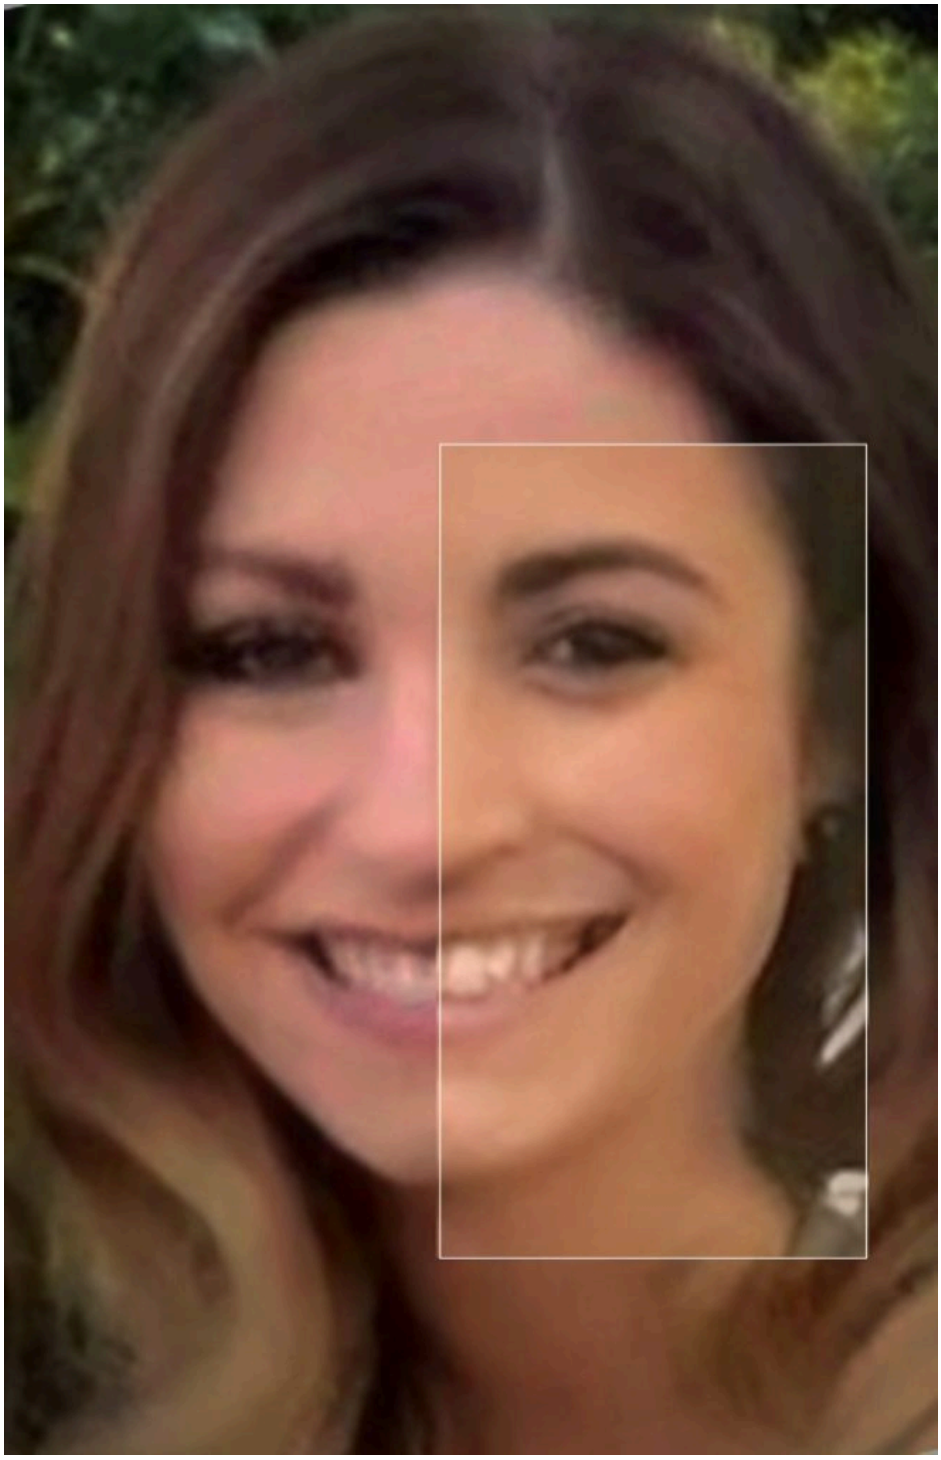


PHOTO: Heidi Barlow with a Leanne Lucas overlay… There can be no doubt on that.

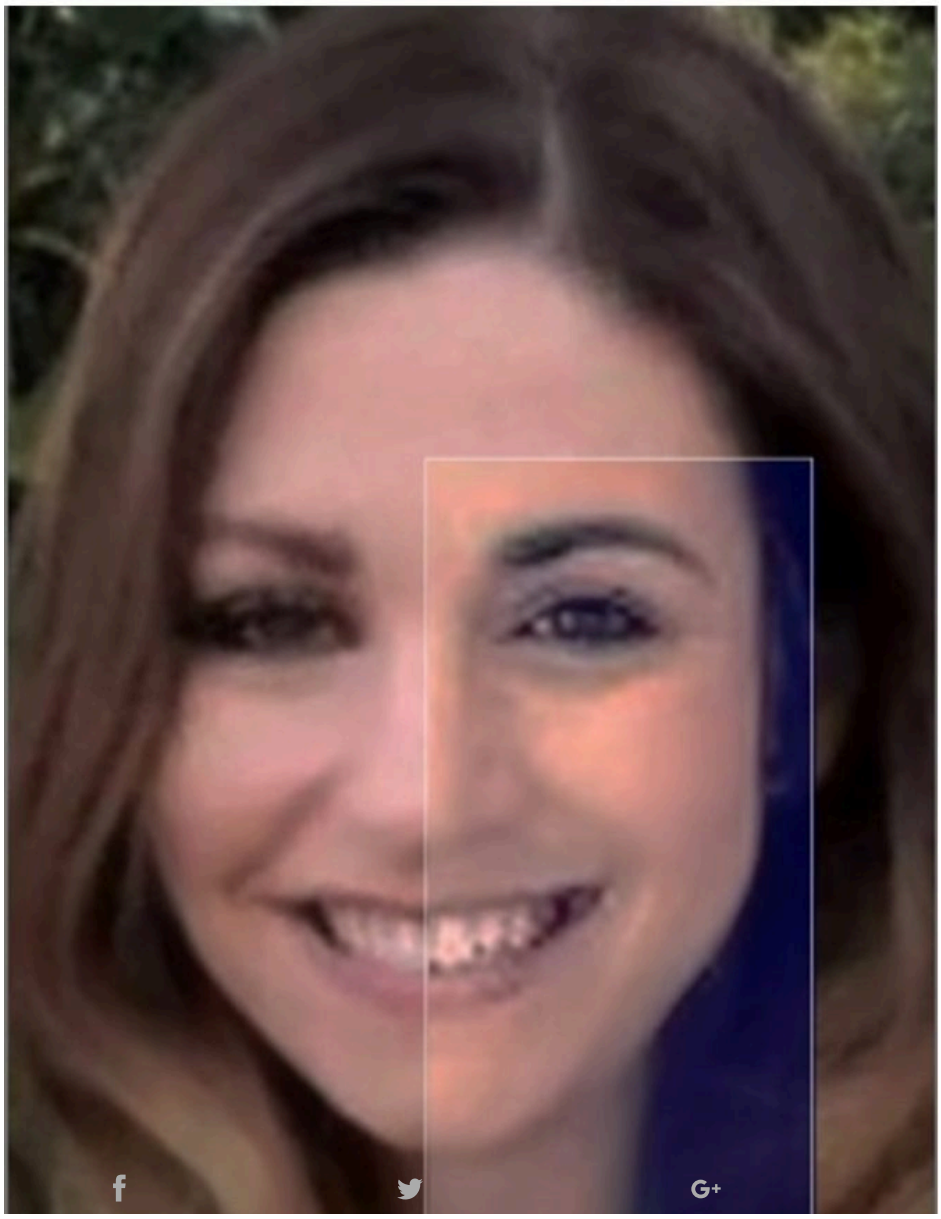
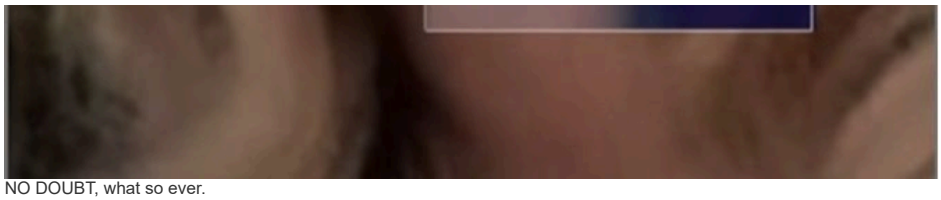
And I will do it again to eliminate the ‘hard-to-please’.

Heidi Barlow & Leanne Lucas





NO DOUBT, what so ever.

Mind you, Heidi goes under the name of Heidi Liddle on Facebook but has not posted since 2020. Neither is there any sign of her on there under the name of Heidi Barlow.

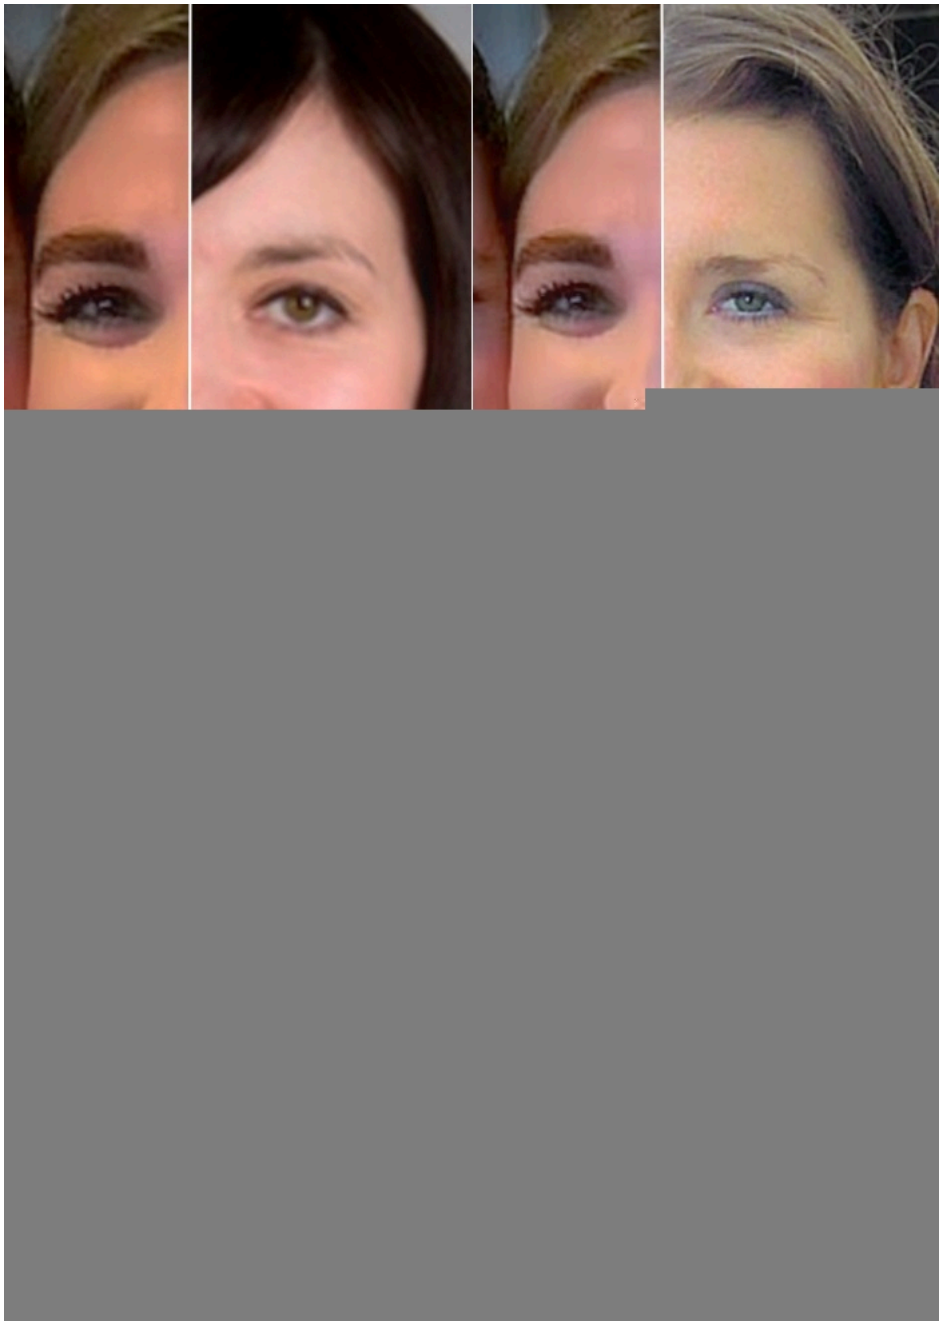
So why would Heidi doctor her Facebook photos when there was no need?

Course, there is more… There is always more:

However, best we cross-check:

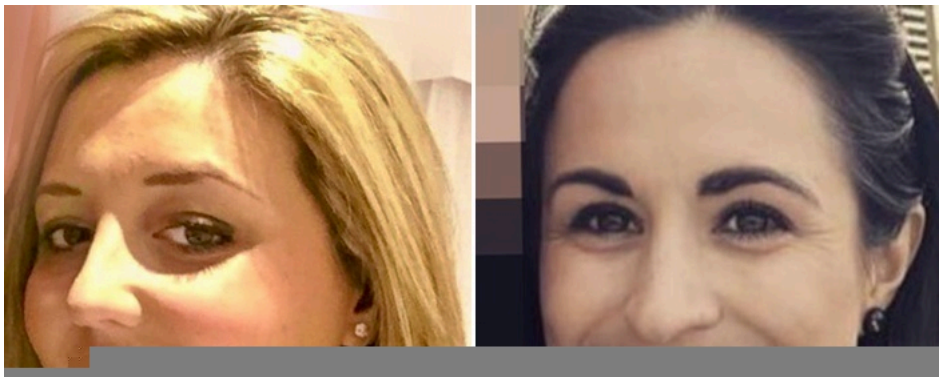
And once again, there can be no doubt about it, which proves beyond all doubt that we are dealing with a psyop here.

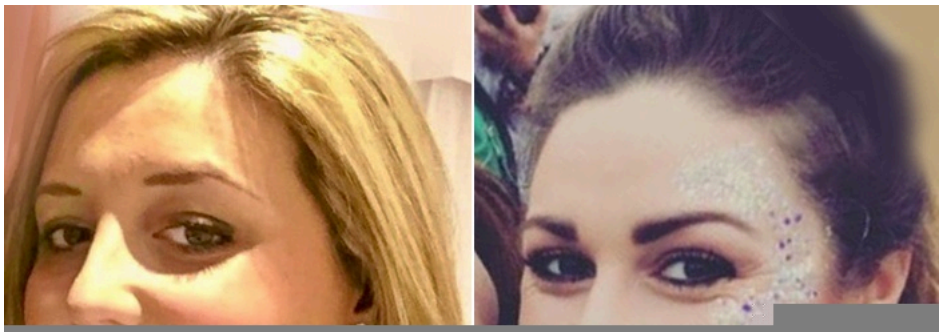
However, just so as we are on the same page, below is Auntie King's half face with the other four suspects:



And I also managed to come across a [very dodgy] image of Jenni Stancombe – mother of murdered child Elsie Stancombe.

Who also fits in well with the rest:





Now I think that is all pretty conclusive and once again we have Politicians appearing in the mix.

Which leads us to the 3 murdered children and I have to say that child 'victims' are usually the easiest to identify in these frauds.

However, in this instance that is not the case… As of yet.

Nevertheless, if the dance teachers, aunties & mothers are fake then it follows that so are the children.

So let's start with Jenni's daughter Elsie Stancombe, who I believe started out as 2yr old Madison Horn who was fake murdered in 2014:

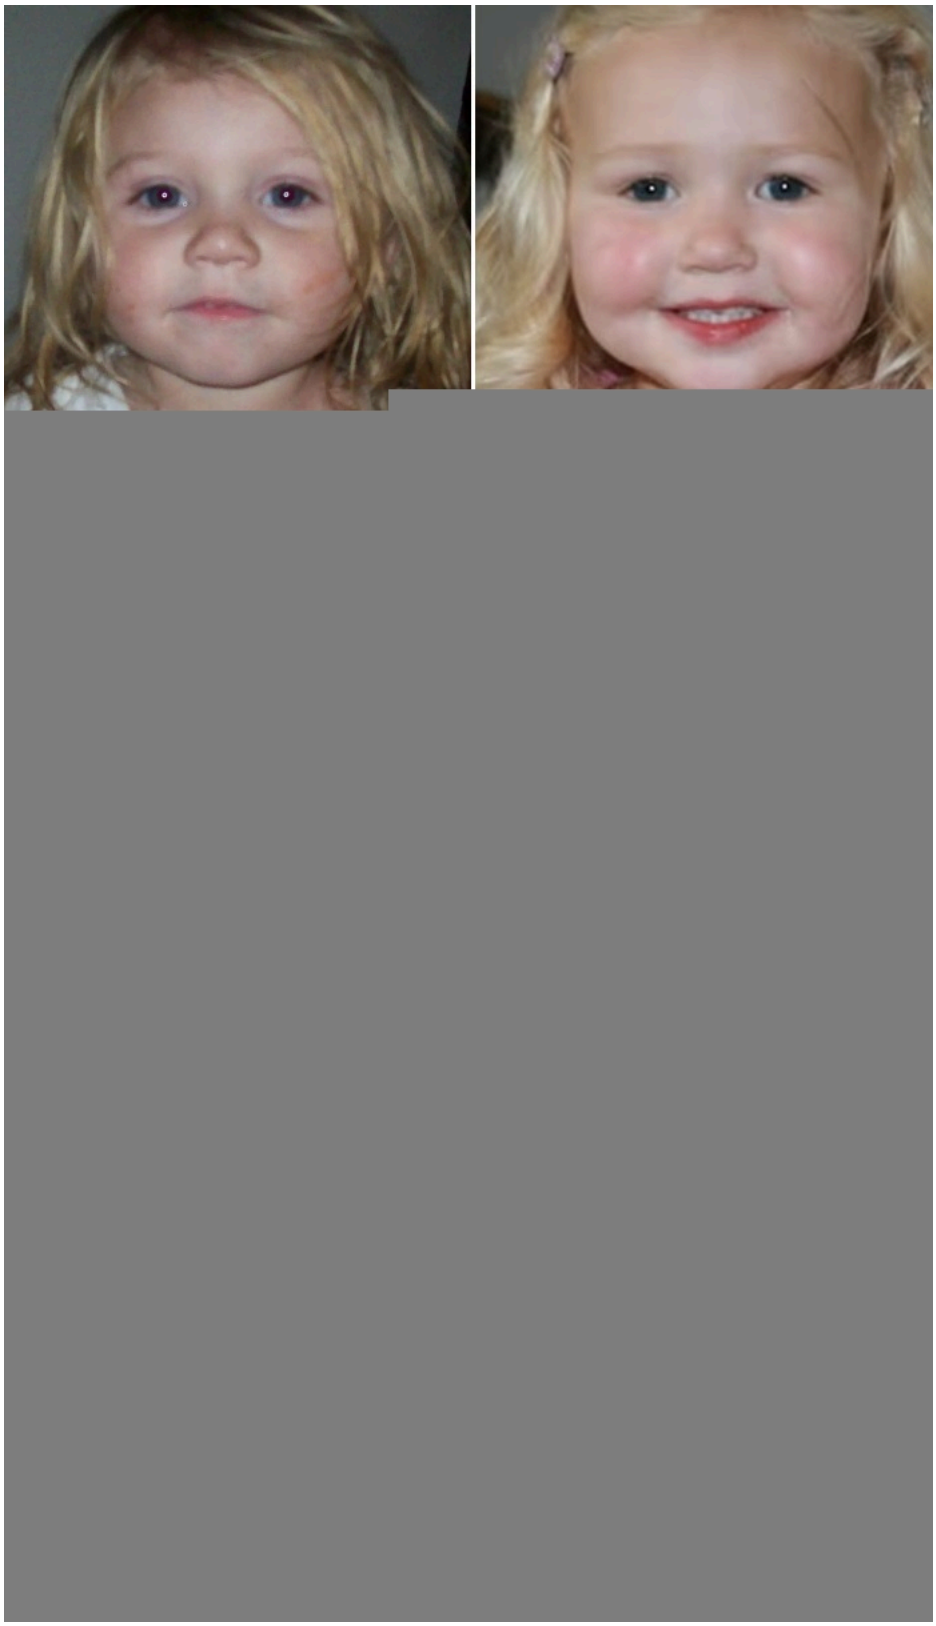
A man has been sentenced to life in prison after being found guilty of the murder of a two-year-old girl in her own home.

Kevin Park pulled Madison Horn's hair, lifting her up and repeatedly striking her head against a wall. He also repeatedly hit the toddler. Source

I then believe that Madison morphed into 4yr old Mitzi Steady who was killed a year later by an out of control lorry:

Two men have been jailed after a 32-tonne tipper truck careered down a hill and killed four people, including a four-year-old girl.

Mitzi Steady died and her grandmother suffered serious injuries after they were hit by the poorly maintained lorry after it breaks failed while in travelled down a steep, narrow and twisting road in Bath, Somerset in February 2015. Source



So far, so good. But then again I knew that fact because I covered both story's back in the day.

Therefore, we best see if my suspicions are correct and Elsie Stancombe is an extension of the above:

Absolutely no doubt about it!

And I have to say that after originally looking at Elsie's image I thought that she might be Soham [fake] murdered schoolgirl Holly Wells:

And too be fair, I am still not convinced that Elsie isn't Holly although in the half & half comparison I have closed Holly's wide open mouth slightly.

Nevertheless, at best I would call it inconclusive.

Furthermore, as we have recently seen and what I have known for a long time is that porn stars are very often used to create a sock-puppet. For instance; the Porn Star Jenni Bliss played the would be Donald Trump assassin, Thomas Crook and various Flight MH17 victims.

PHOTO: Porn star Jenni Bliss with half face overlay of a victim from the fake Flight MH17 old bollox

And then there was the young porn star, Olivia Keane who played acid attack victim, Molly Young (YOUNG) as well as various others.

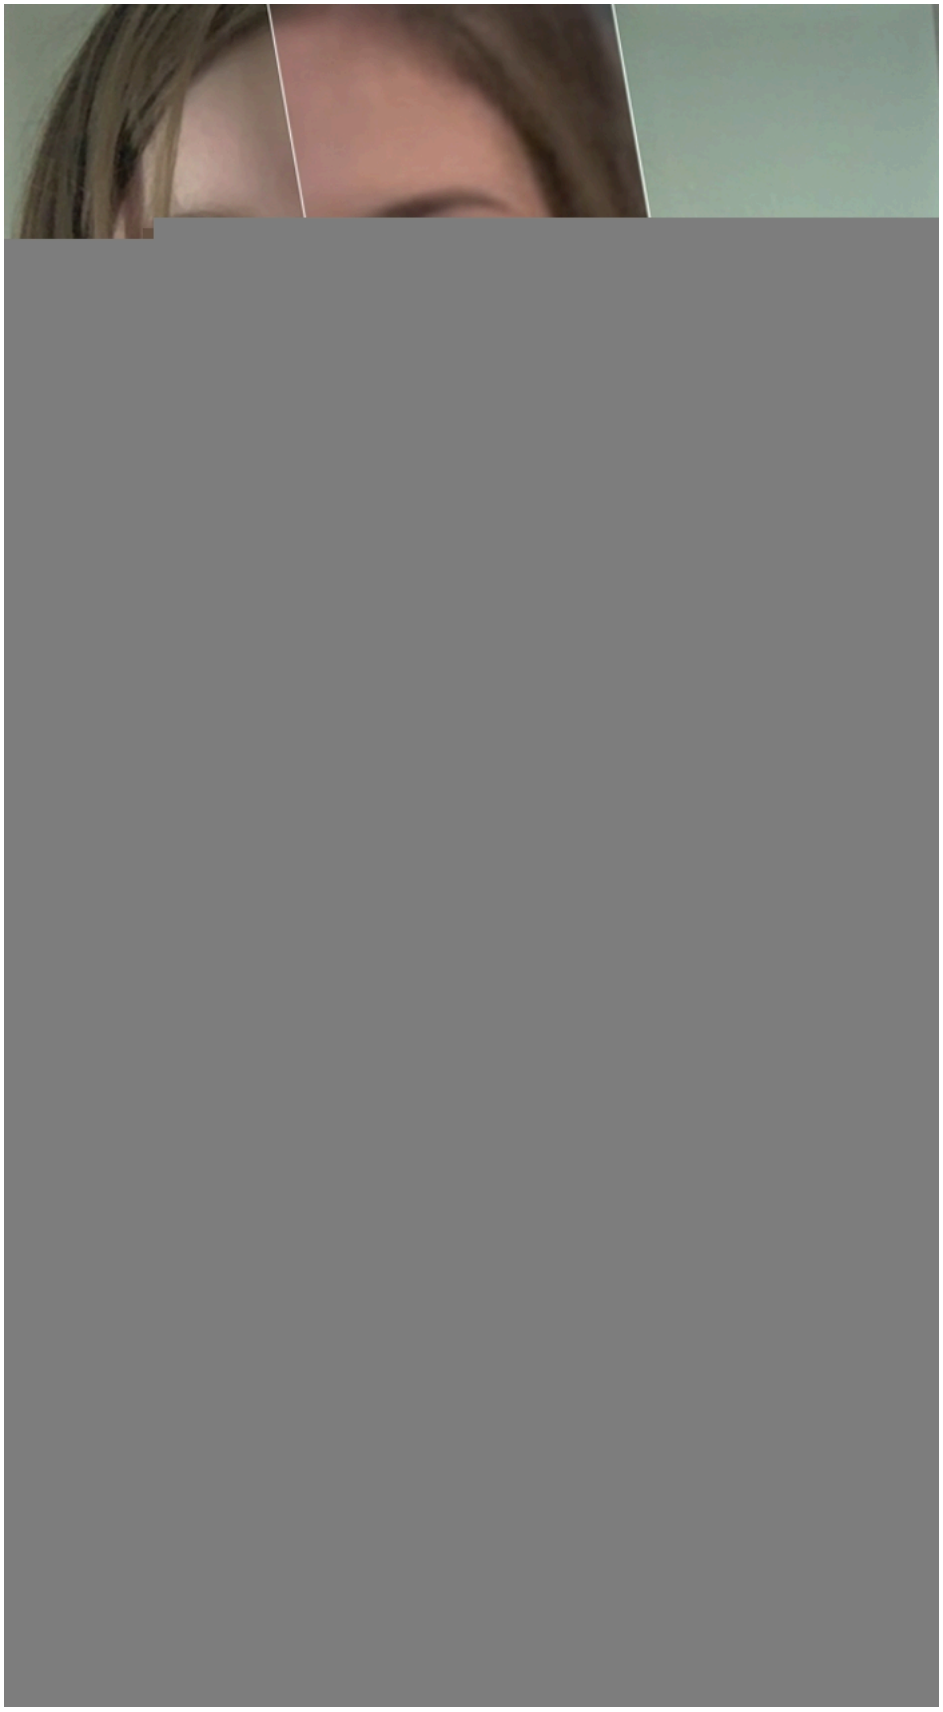


PHOTO: Olivia Keane & Molly Young

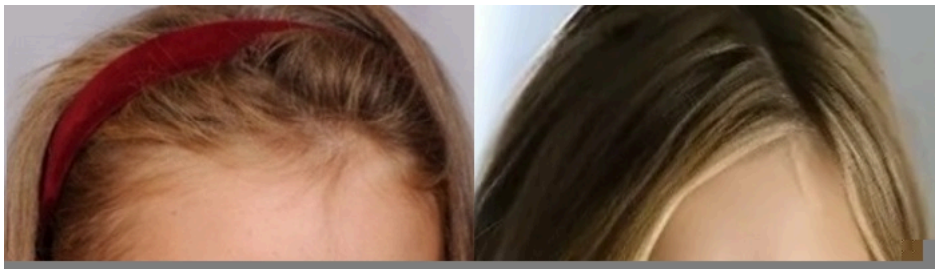
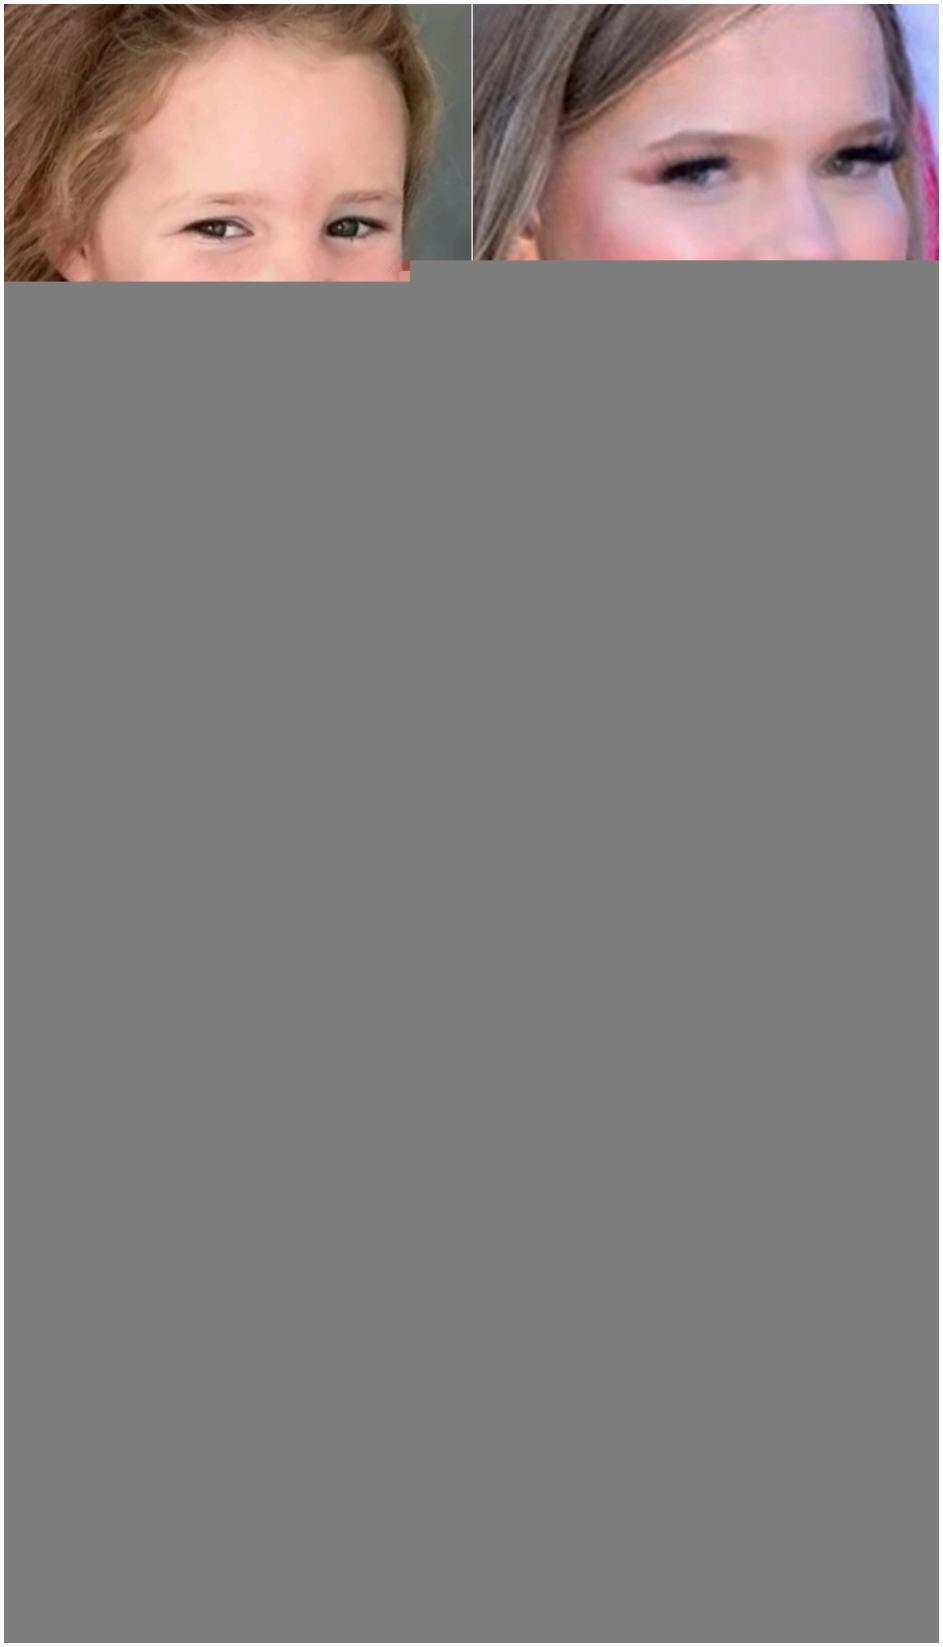
Porn Stars are used for this type of thing because of their low moral standards.

And after a bit of searching *(it's a dirty job but someone's gotta do it*), which to be honest didn't take long I came up with the very youthful looking 25 yr old porn star Coco Lovelock.

Now, whether the faker's used a face aging app to make Elsie/Coco look younger or they used childhood photos of Coco is hard too tell. However, when comparing the two I have to say that their features are so accurate that I am pretty certain that I am correct in my assumption.





Moreover, there is a scam in play on Facebook at the moment with plenty of people on my friends list blindly re-posting despite the bird involved being from Texas – which has then been altered by someone to make it appear as the *'missing bird'* is local to Southend… Nevertheless, I am sure that this bird's image is taken from Coco's numerous photos:

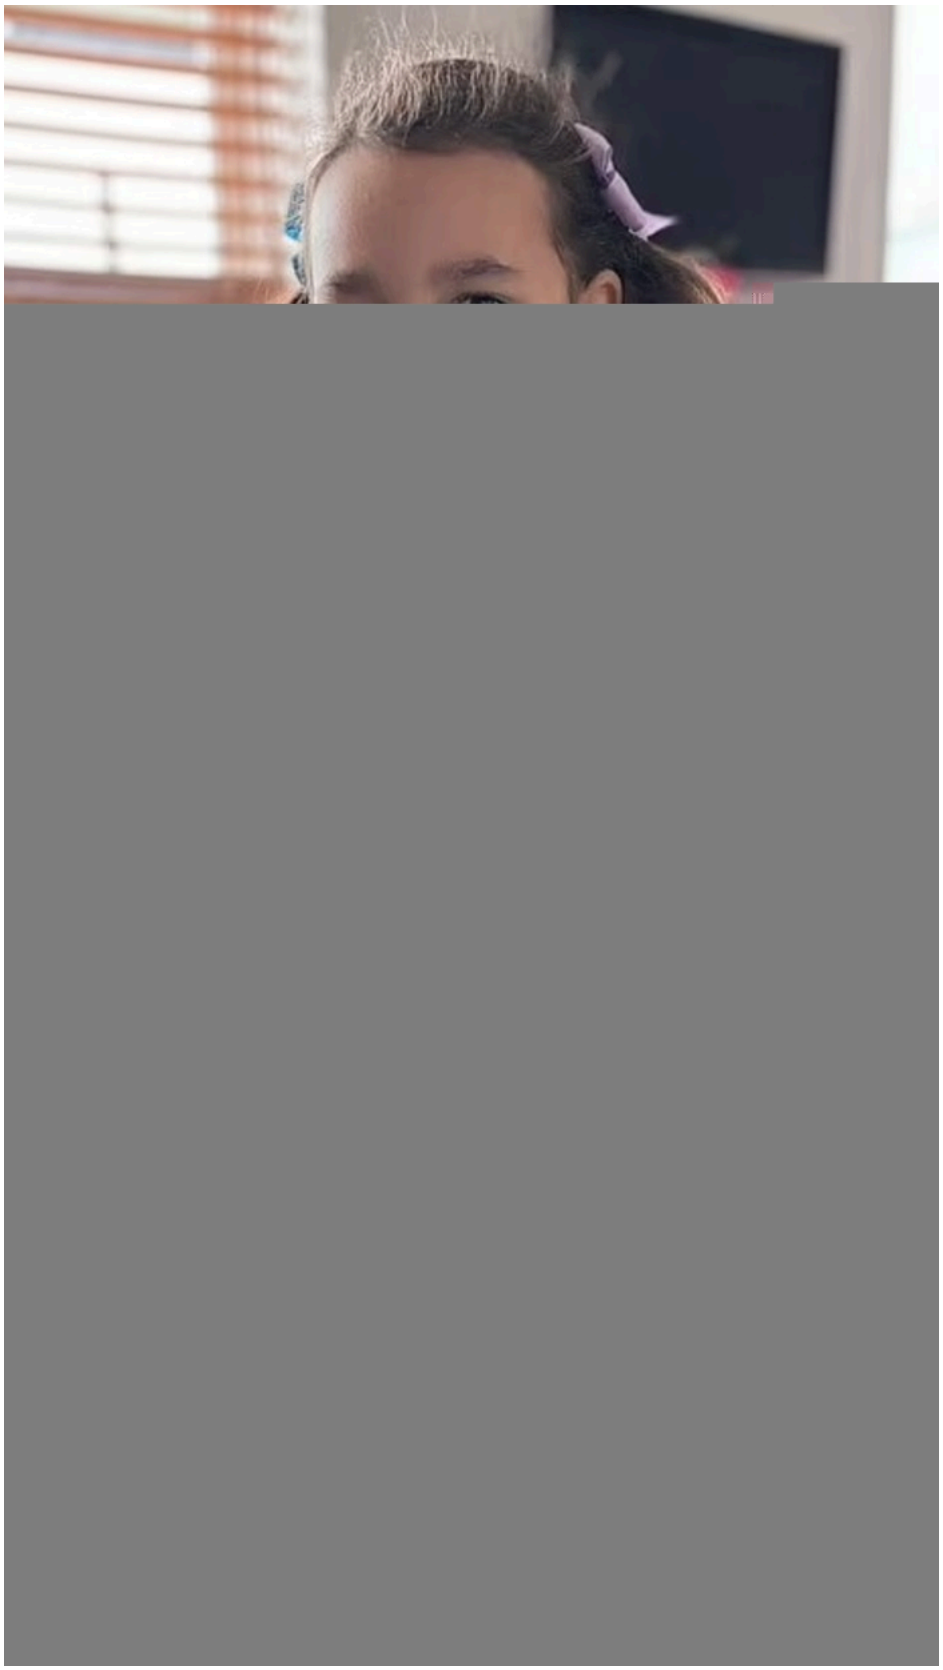
Todd Rogers ▶ Selling Or Giving Away! Southend
3h ·

My daughter has been missing since July 22nd! 15 days! it only takes two seconds to share!

Fuck knows why these people re-post shit like this is beyond me. I mean a simple Google check would immediately tell them that it is a scam.

And as for the other two ‘murdered’ children, well it is abundantly clear to me that the photos of ~~B.B King~~ Bebe King are photoshopped.

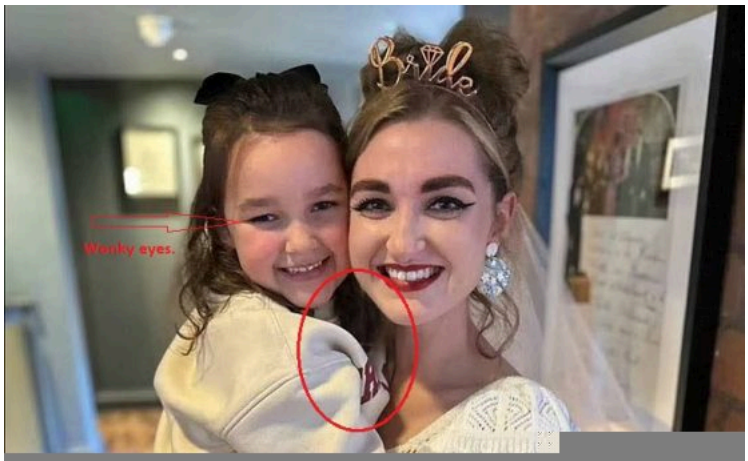
For instance look at this first image and we will go on from there:



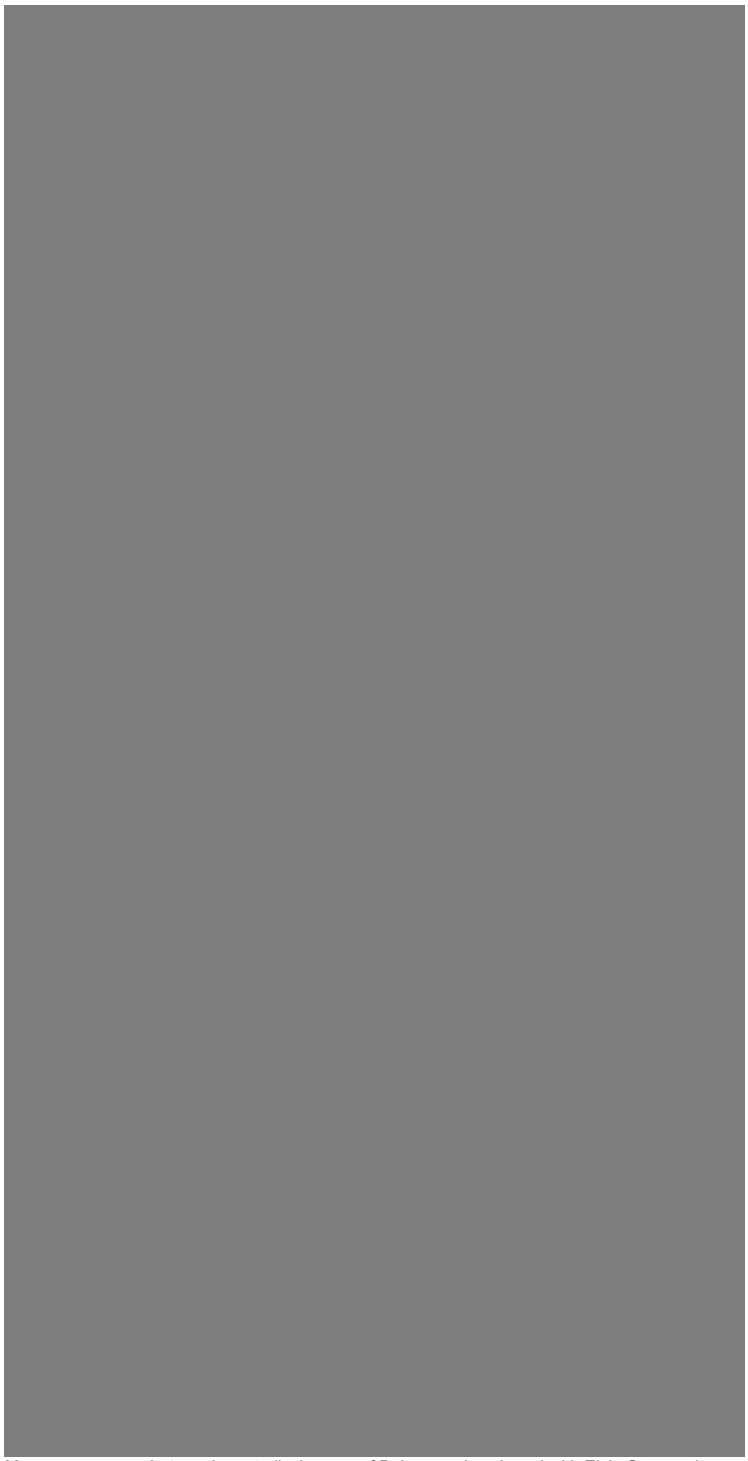
And straight away it was clear to me that Bebe's head had been photo-shopped onto someone elses body.

I mean they haven't even got the scale right with Bebe's head being far too large; plonked on an extremely thin neck.

Now look at these other images:



Bride
Wonky eyes.



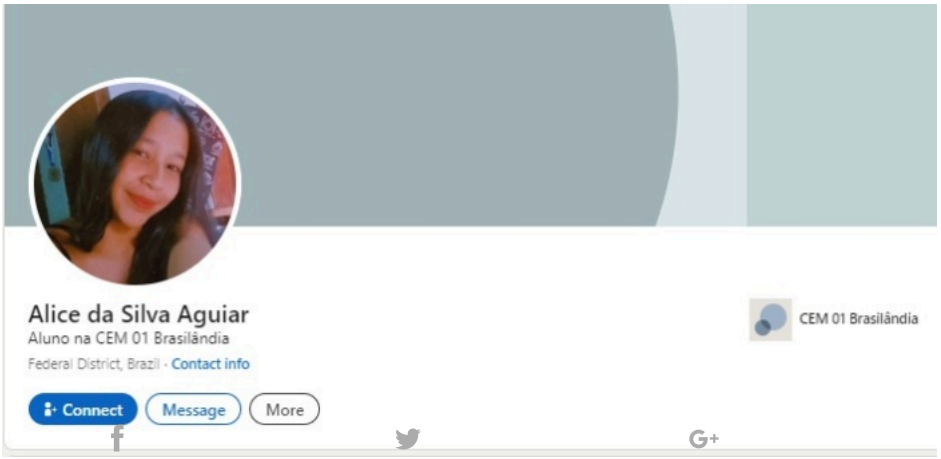
Moreover, some – *but maybe not all* – images of Bebe are also shared with Elsie Stancombe:

However, the third child, Alice da Silva Aguiar is the hardest to place despite having by far the most images available of the trio… Although that is probably why.

Mind you, her face is constantly being altered. For instance, take the following:

I mean it is blatantly obvious that Alice has had her nose faked and what a 9 yr old is doing with so much make-up on is anybody's guess!

Nevertheless, I found this bird on linked in:

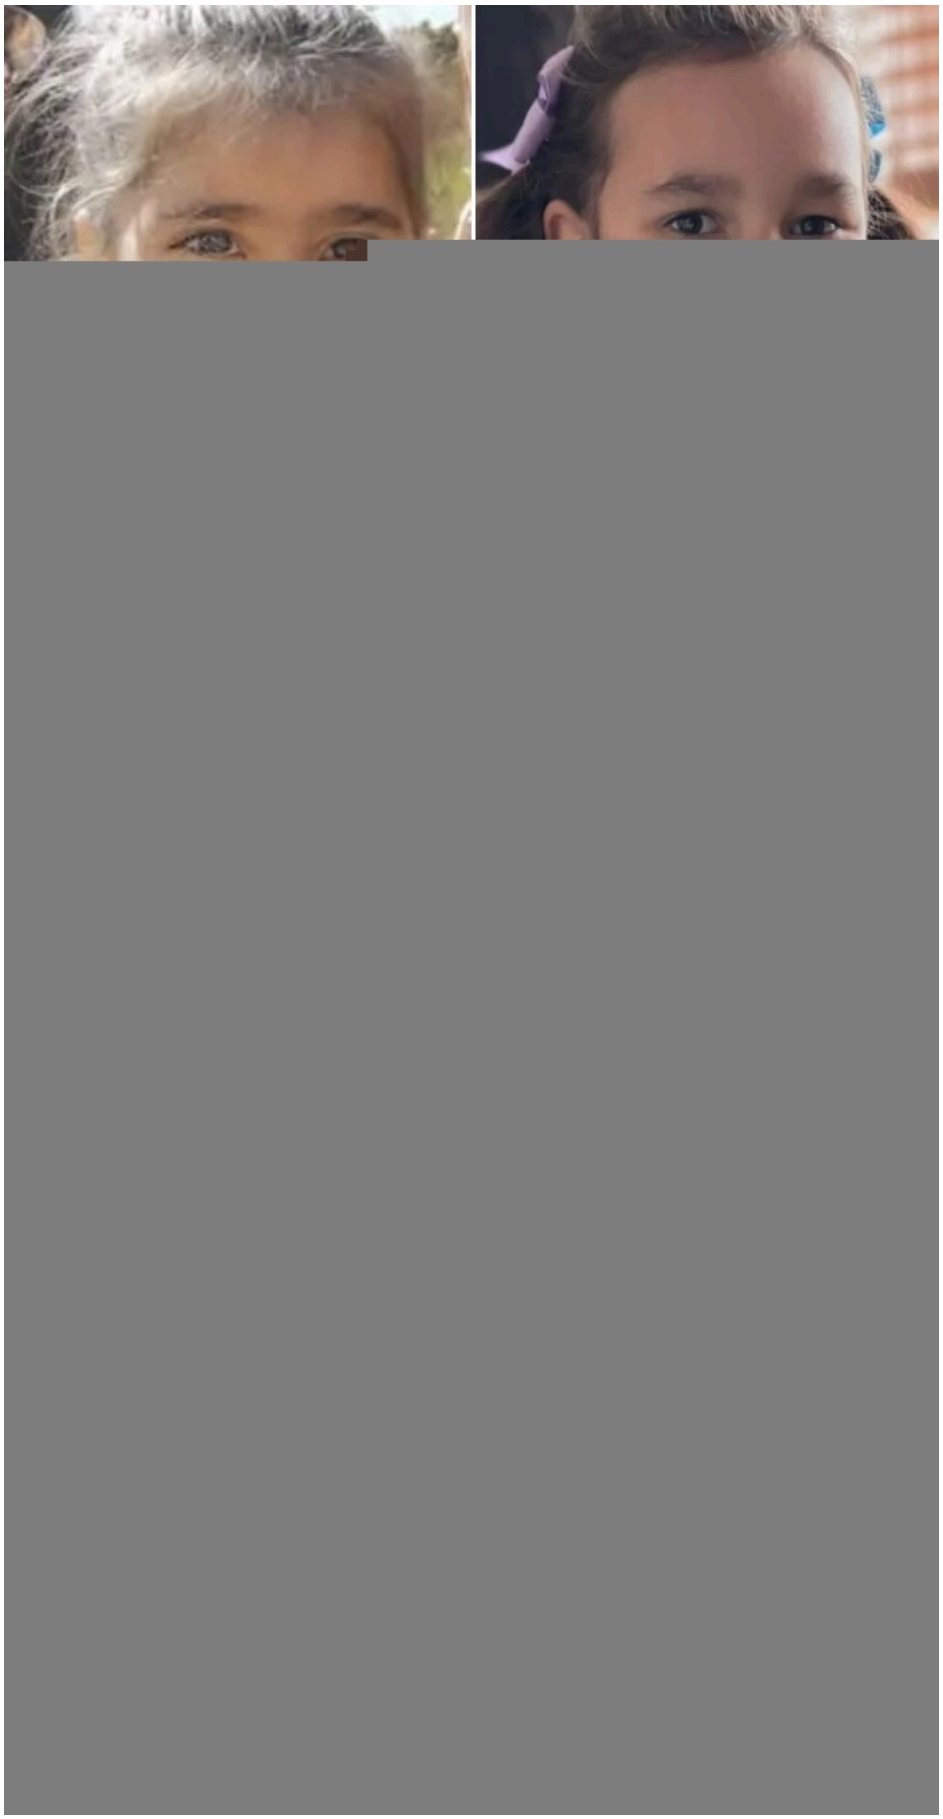


And obviously she is much older than our Alice despite having the exact same name.

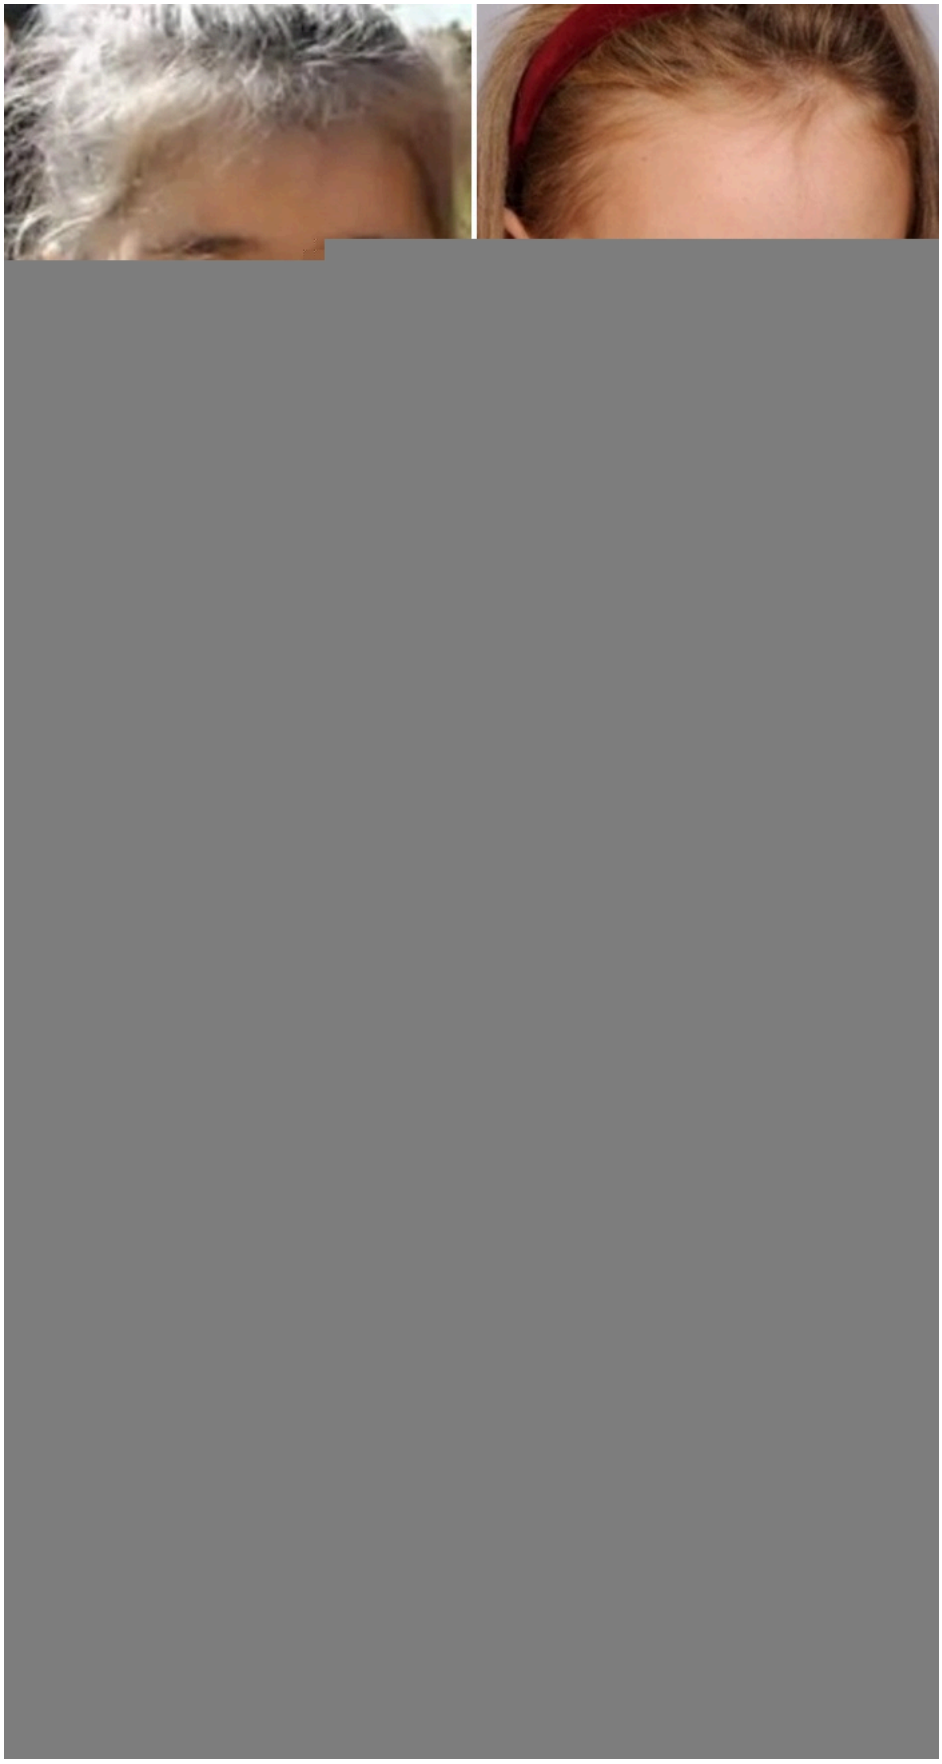
However, when you put their two images together, you get this:

Now of course they are not the same person but does their likeness, coupled with them having the exact same name strike you as odd?

Furthermore, in this next image it is once again blatantly obvious that Alice has two different persons eyes and she is a ringer for Bebe King:



In fact looking at that half & half comparison there can be little doubt about it… Which in theory means that Elsie Stancombe should also match with Alice:

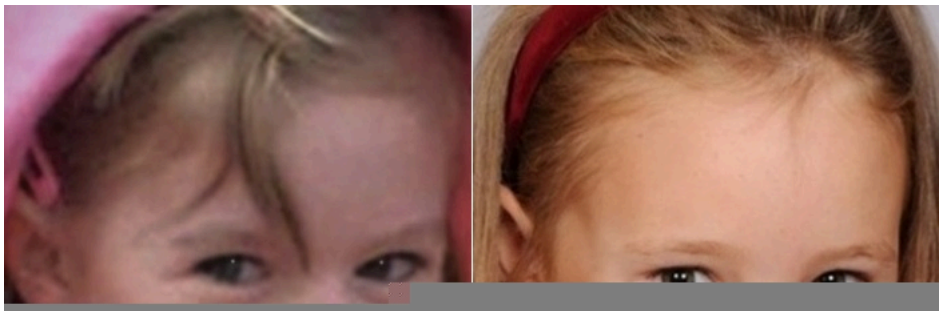


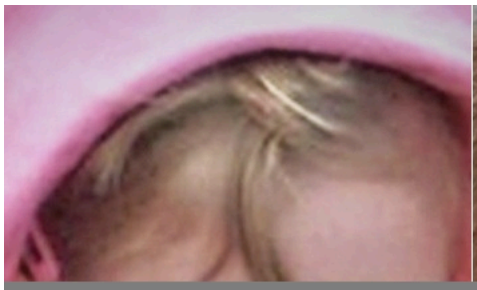
And to be fair, given the lack of images available of Elsie that is not a bad match, especially when you take into account Alice's bullshit eyes.

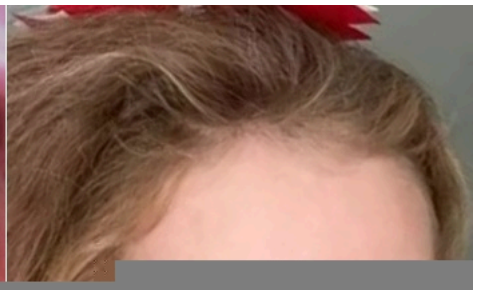
So, pretty clearly we have the usual – *in this case, three* – victims all coming from one source.

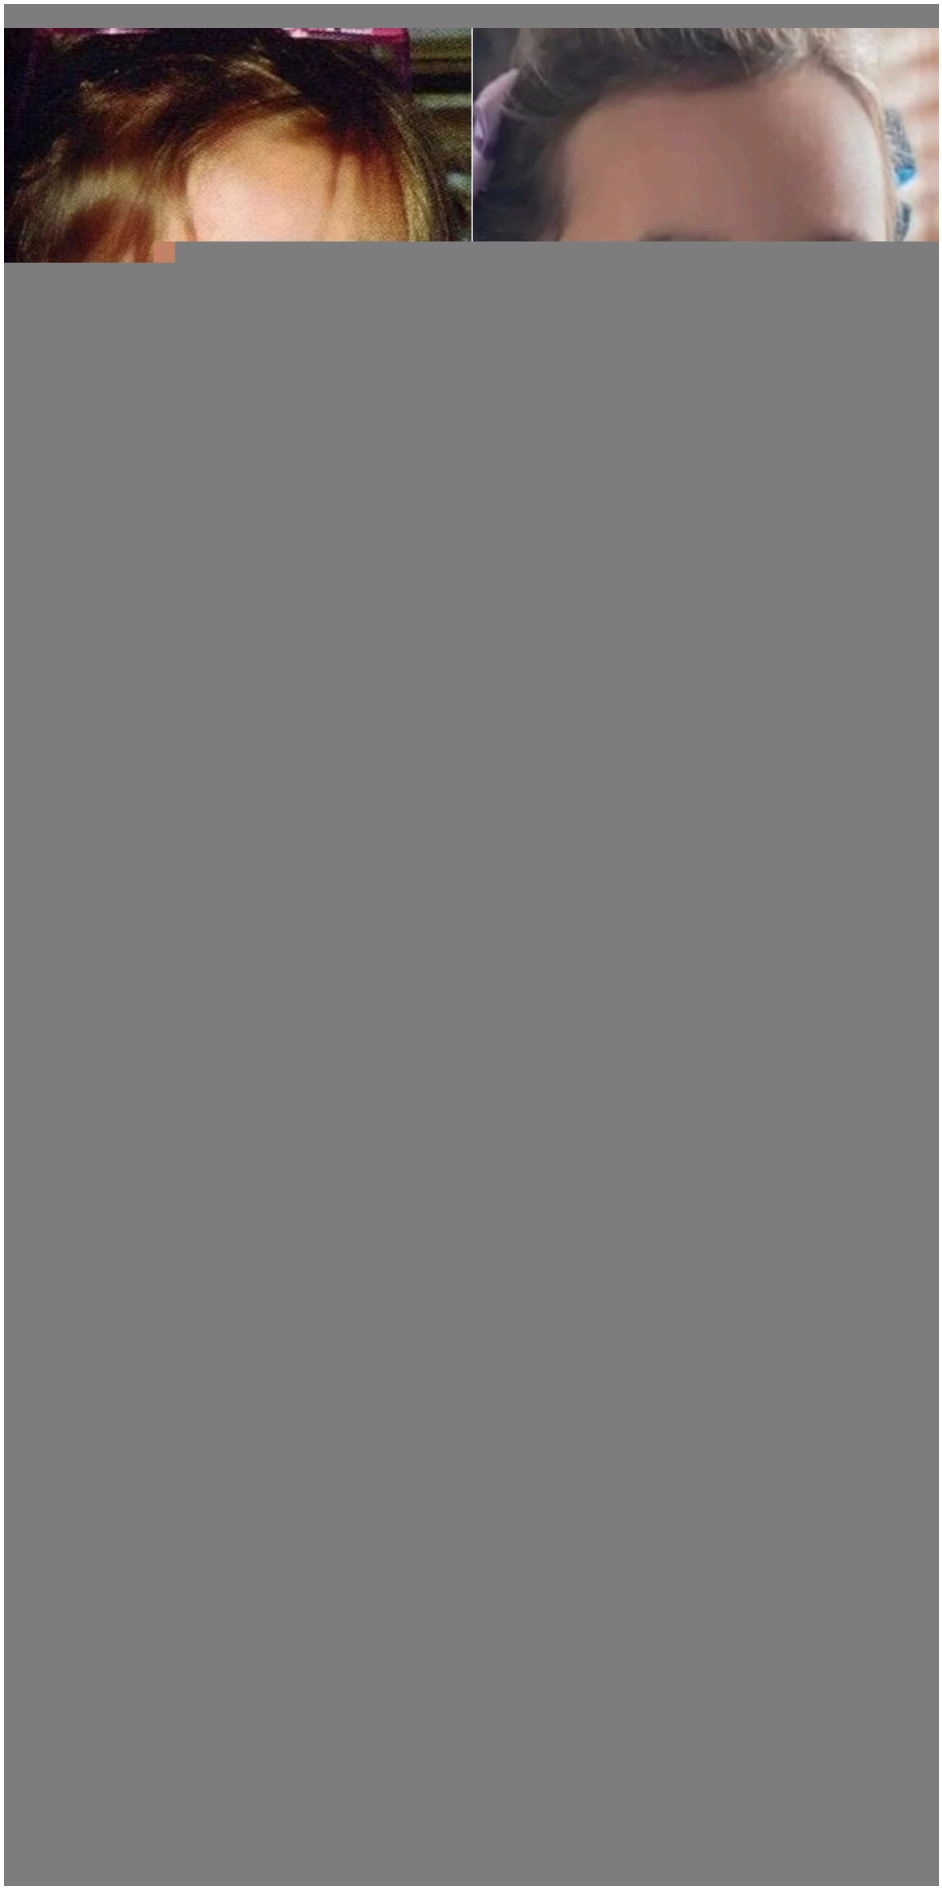
Furthermore, despite what I said earlier about the Cunt's appearing to have put a bit more effort in to disguising the child victims for this psyop (*children usually being the easiest to match up at source*), it is still obvious to me that the usual suspects have also been used, if for no other reason to create Joinder.

Madeline McCann for instance:









And as for Alice Da Silva? Well I guess that she could also be Lisa Hoodless.

In 1999 Lisa – *like her BFF Charlene Lunnon* – was 10 years old when they were supposedly kidnapped by nonce Alan Hopkinson as the girls walked to school… No mean feat for the slightly built fella to do so without being seen!

Nevertheless he kept the two schoolgirls for nearly a week in which time he repeatedly raped and tortured them, before being caught. Furthermore, the kiddie-rapist was back in the news earlier this year after having his 11th bid for parole turned down… Although I am not quite sure why he was given 9 life sentences for his sick crimes since he never killed nobody.

Course, being snatched off the street, repeatedly raped & tortured must have been horrific for the two 10yr olds, especially someone as small as Lisa yet the pair very quickly recovered to do a beach photo-shoot for the national press in preparation for the release of their quickly written story.

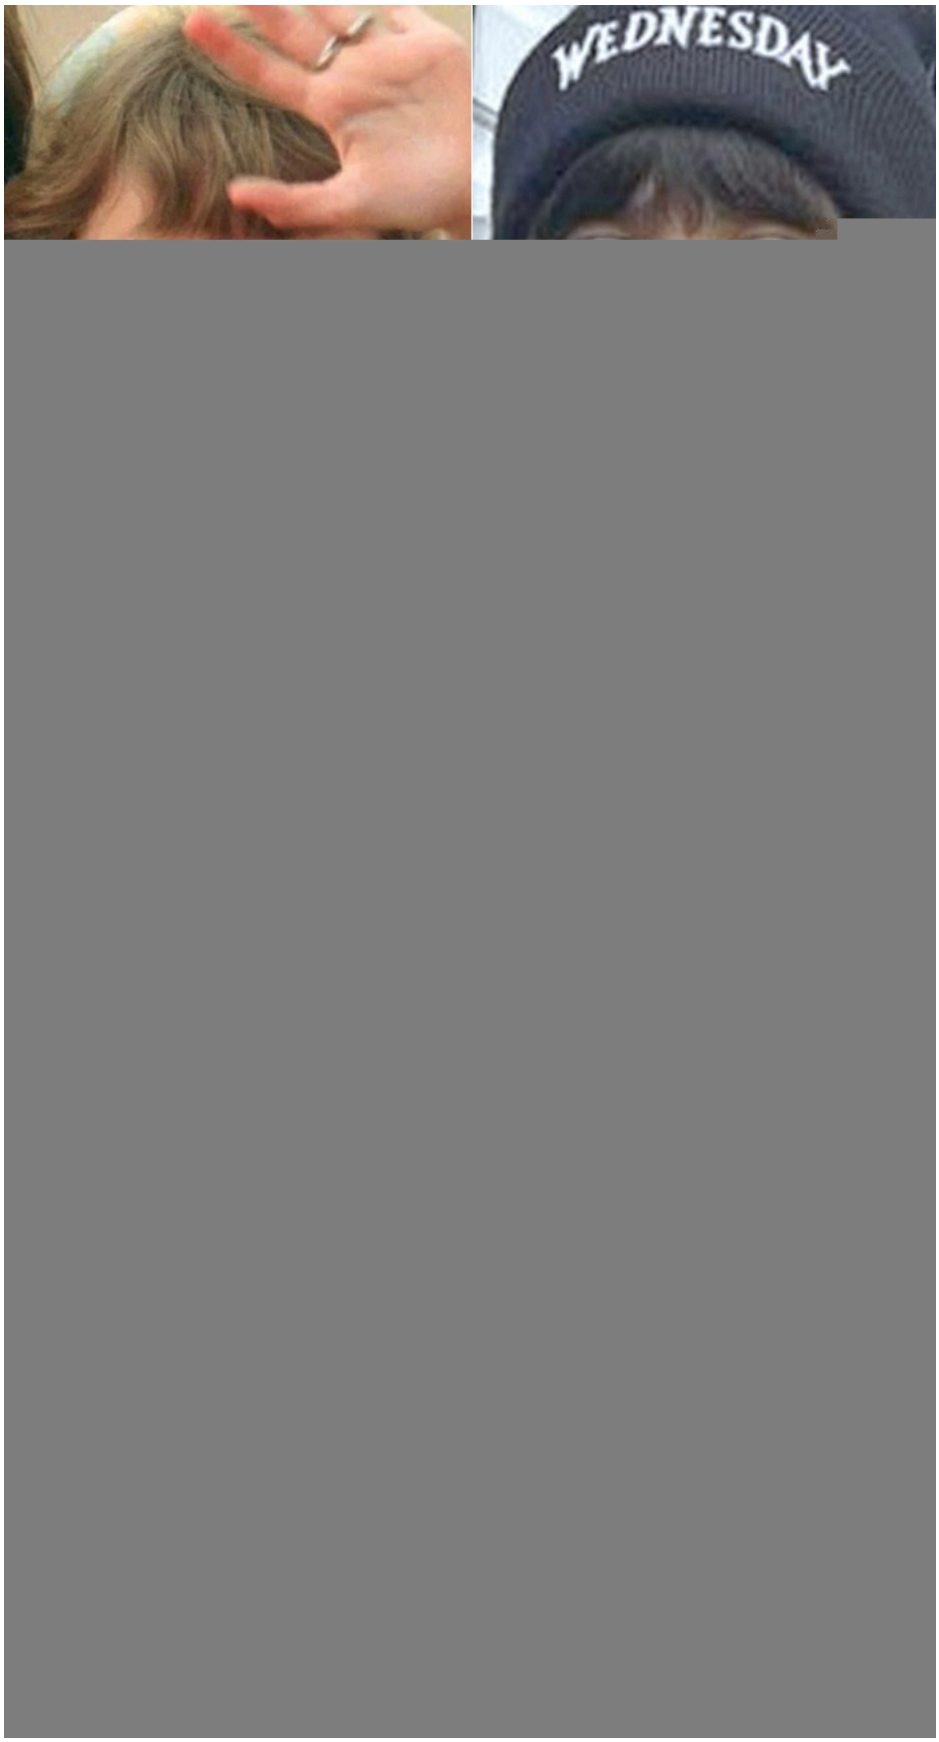
In fact, there must be quite a bit of money to be made since the pair haven't stopped harping on about their ordeal over the last quarter of a century:

Good girls, they looked absolutely delighted to have been put through their ordeal and they didn't even have to lose any limbs.

And better still, would you Adam & Eve it, Lisa is also the spitting image of murdered schoolgirl Michelle Calvy and the missing, presumed dead, schoolgirl Genette Tate:

Shhhh.

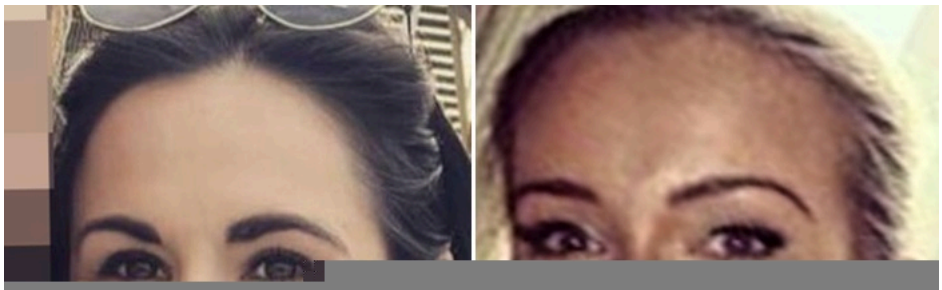
Ok, let us look how light-skinned Hoodless compares to olive-skinned Alice:



Again; Shhhh.

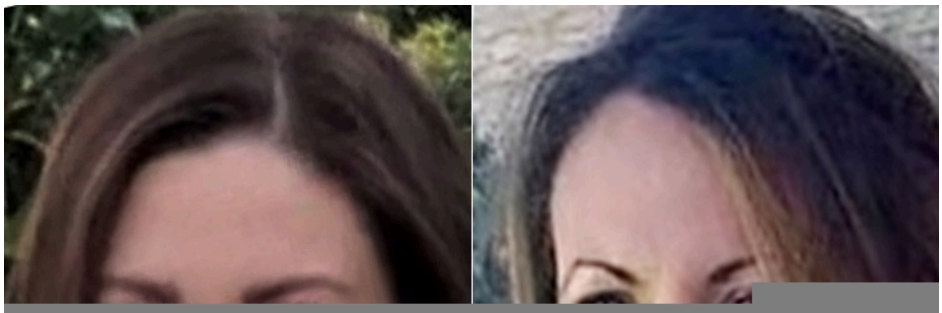
However, I best remind you once again that we are only dealing with sock-puppets here – although I shouldn't have to… In other words these people do not exist outside of the internet and I can join any psy-op to any other just by these images.

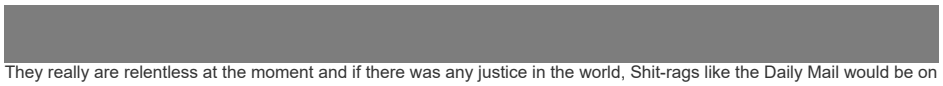
For example, I can join Leanne Lucas to Erin McQuade who was [fake] killed in the Glasgow Bin Lorry Bollox that I extensively covered at the time:



Okay, I think that I will leave those three murdered schoolgirls & hero teachers there for now, unless something else crops up before I finish writing… Ha, ha, I am leaving that last sentence in because less than 12hrs after I had finishing writing it and before I even resumed something else did indeed crop up:

And you will all probably know that this fake old bollox of a story has spiraled and no doubt will continue to do so. Nevertheless, I immediately copped that this “hero” Charlotte Gollunski (???) is Leanne Lucas & Heidi Barlow.





They really are relentless at the moment and if there was any justice in the world, Shit-rags like the Daily Mail would be on trial for inciting racial hatred.

After all it was those three fake schoolgirl murders that sparked the riots & anti-Muslim sentiment.

Now before I get into those Establishment provoked riots, I will remind you that the Daily Mail (and probably the other nationals) online news feed Satanically connects all of their stories as you scroll down. However, I have written about that fact quite extensively in the past and as such, I do not intend to do it again.

Nevertheless, by way of a quick explanation; say the accompanying image to a story had a bearded fella in it, then the story below that would also have a bearded fella (usually looking quite similar to the fella above) in it, maybe wearing a baseball cap. And then, the story below that would also have a fella (or maybe a bird) also wearing a baseball cap… And so on and so on.

Geddit?

Of course you fucking do.

Now, as you will also no doubt know, these 'convicted' rioters have been given extremely long prison sentences – not only as a deterrent to stopping people uprising but also to set a precedent for longer prison sentences.

However, those two dozen or so 'rioters' are only sock puppets (at least the vast majority) in order to in-turn, prevent the public from getting irate about the length of these prison sentences.

And this 'joinder-story' fact was reflected in the Mails Satanic news-feed:

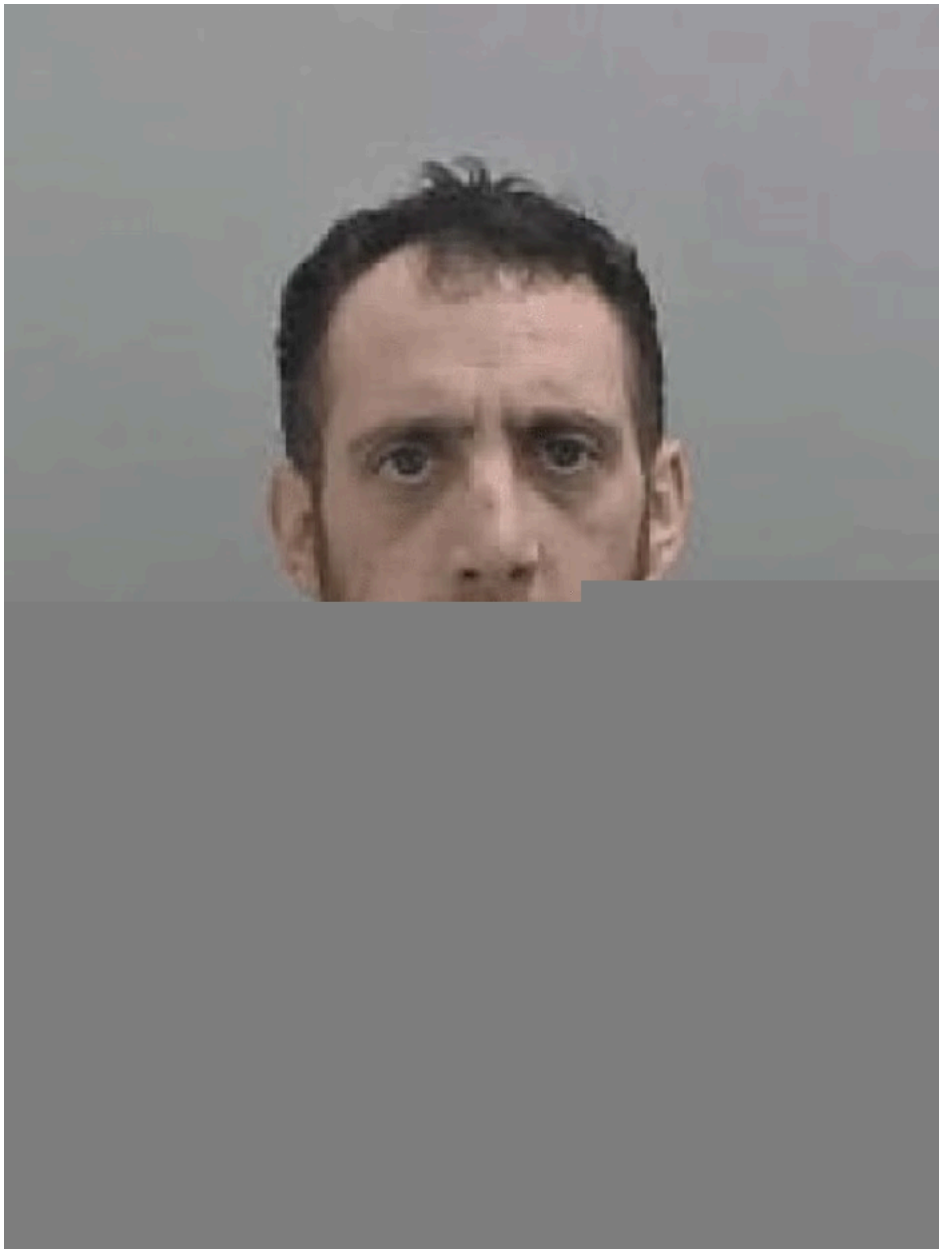
Now that is a perfect example of what I mean by the Daily Mails news-feed Satanically connecting their bullshit stories.

Moreover, there are even more clues when you read the old fanny… For instance, the story above about the little boy being killed when the taxi he was in was hit by the drunk, uninsured driver was in Foster Care and due to be reunited with his mother… Just to get a good tug on the old heartstrings.

And the cars supposedly collided with the drunk driver, Joe-Lewis Tyler driving at 90 MPH, yet at that speed the BMW and/or the other car should have disintegrated… But they didn't:

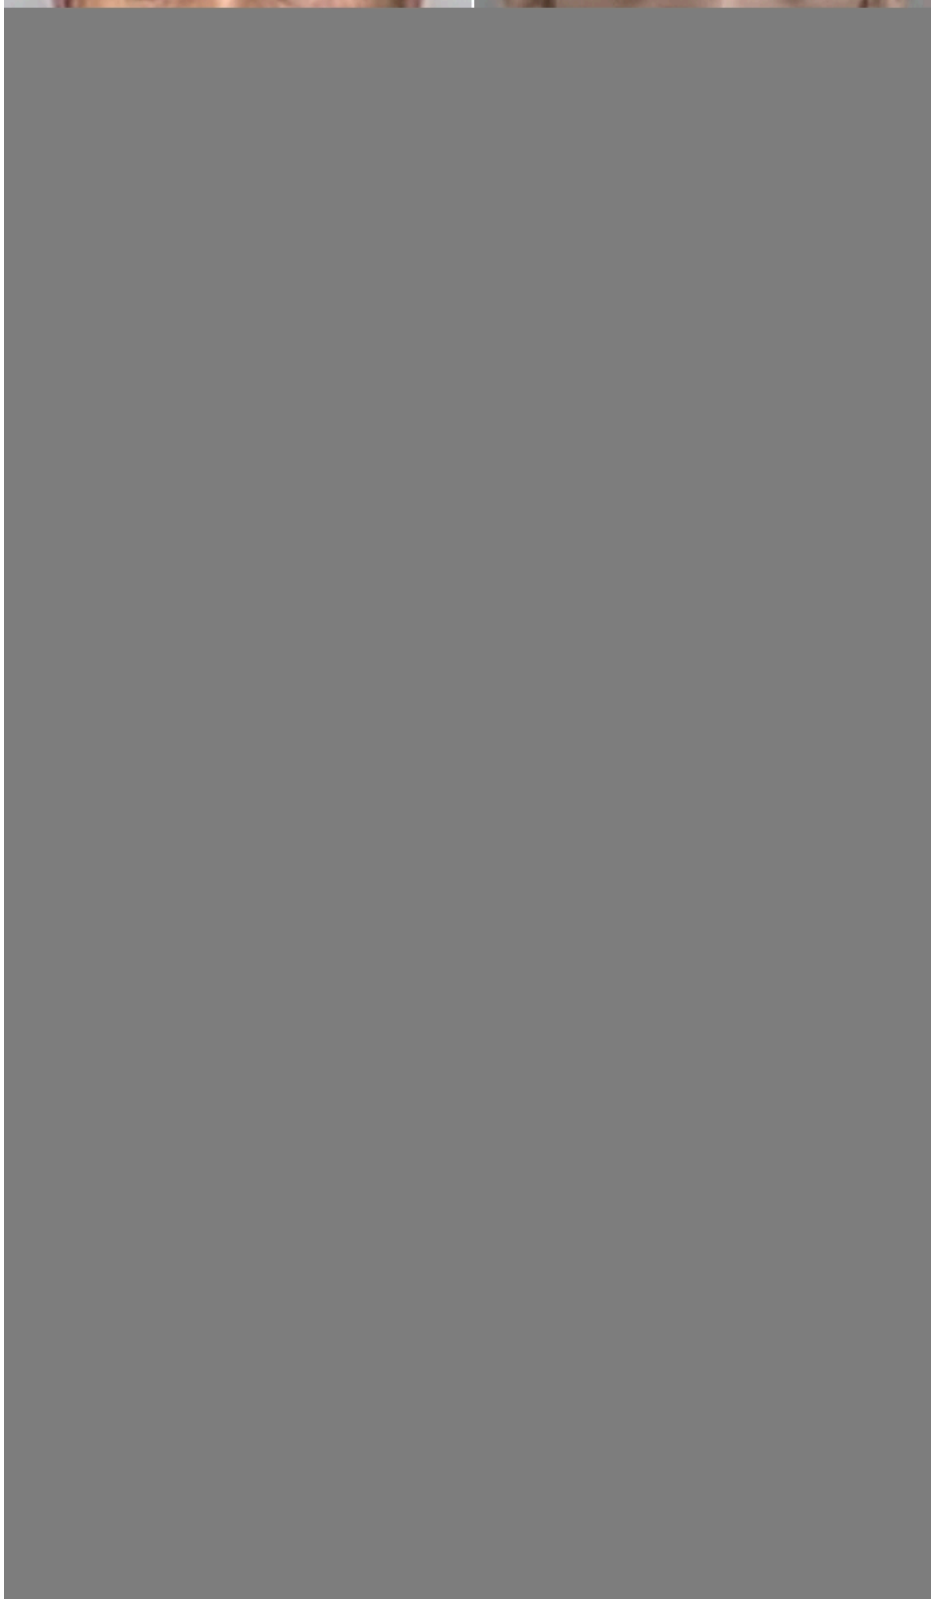
Hmmm!

Nevertheless, the biggest clue for me came with Tyler's mug-shot:



You see, these mug-shots are usually very high quality whereas Tyler's appears to have been taken in the usual fraud-show techni-shite… Moreover, he has one of those bent, Banana faces we see so often in frauds.

And then when you compare him to the rioter who is creating the Satanic connection you get the following:



It's a fucking miracle a tell thee! Even more so when you realise that they are also connected to Thomas McCann:

A husband who strangled his wife after a row about frozen chips, then dumped her dismembered body in a country park, has been jailed for life for murder.

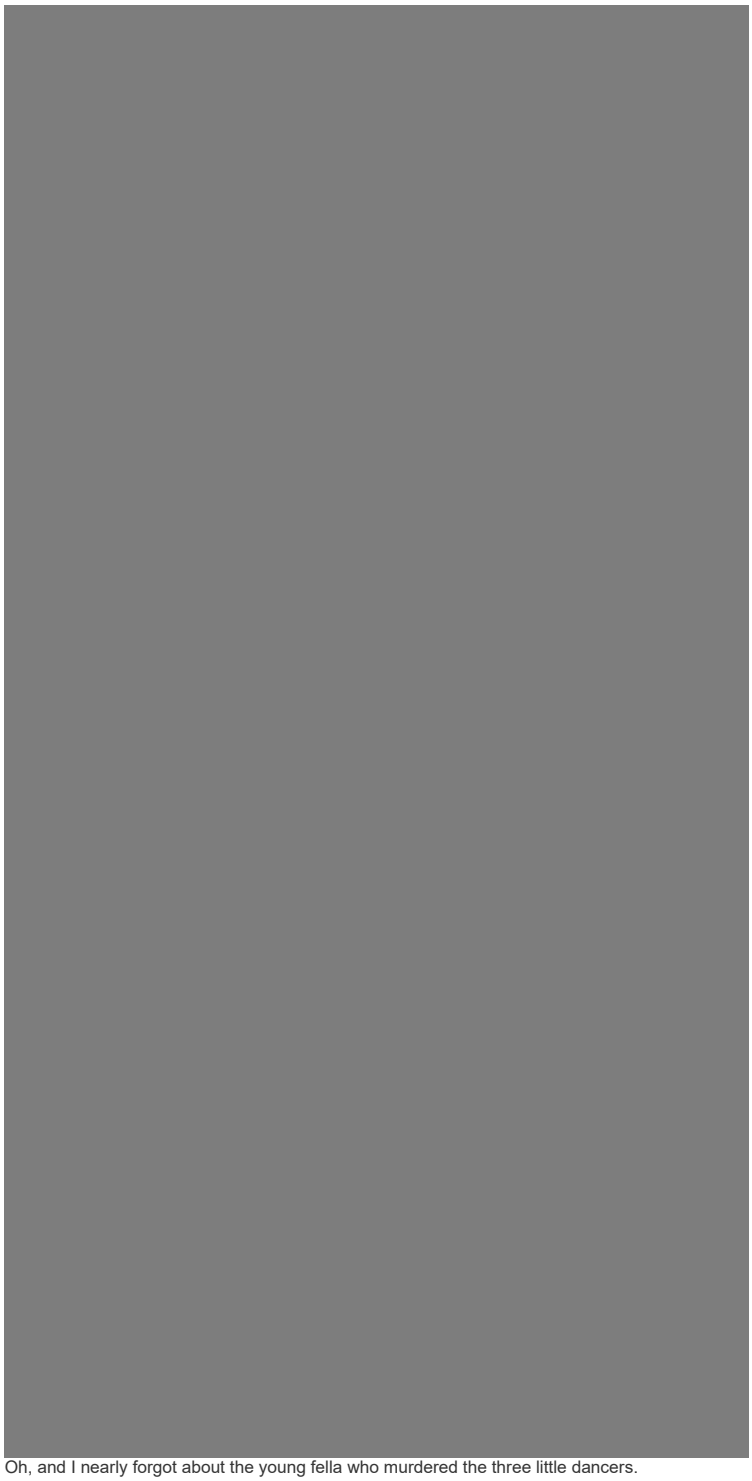
Thomas McCann, 49, strangled Yvonne, 46, his wife of 24 years, in the bathroom of their home in Stockport, after a row about a bag of frozen chips left out of the freezer, Manchester crown court heard.

Wanna see? Of course you fucking do:

But it don't end there – it never does; does it?

You see, the Daily Mail's old fanny continued a couple of days later; connecting the Tommy Fury old bollox to the rioters:

Fury as fundraiser is launched for family of violent thug jailed for 34 months for throwing objects at police during far-right riots - and donors include Andrew Tate
Willow Brook Dementia



Oh, and I nearly forgot about the young fella who murdered the three little dancers.

The only problem is that there is fuck all to tell since the knife-man is [*conveniently*] only 17 yrs old and as such he cannot be pictured… Albeit there seems to be no problem with revealing his name & photos of his younger self:

You see, it just so happens that the killer appeared as Dr Who on the BBC's Children In Need… And if you believe that a child like that turns out to be a crazed killer then boy, you is dumb.

Okay, swiftly moving on and I am getting near to wrapping this up and getting back to the Bionic Man, Craig Mackinley you may – *or may not* – be pleased to know.

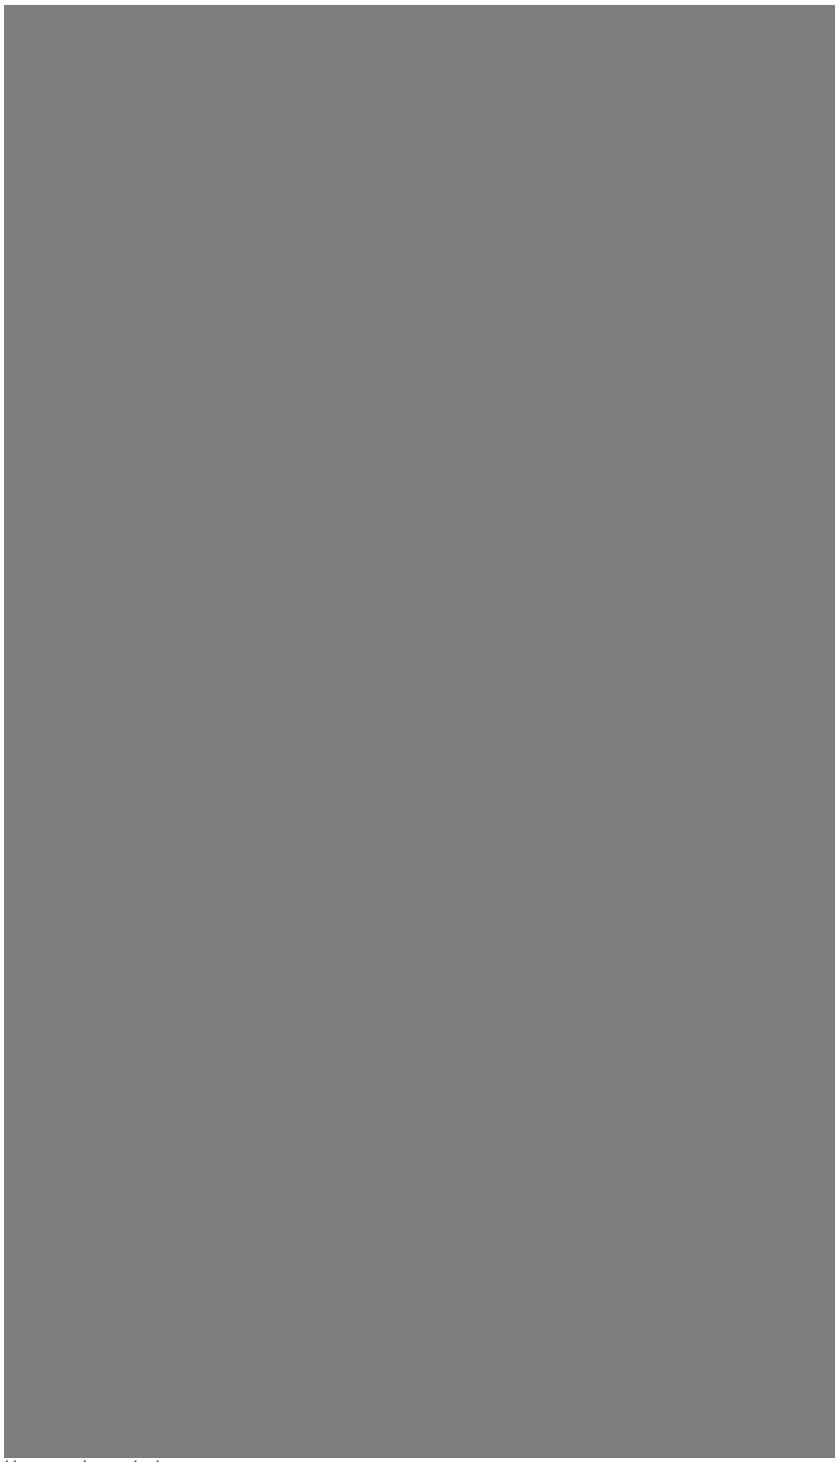
However, I can't do so without mentioning the created-out-of-thin-air, allegedly murdered MP, Jo Cox, who as my long-time readers will know, I also wrote about in great detail.

And here is another of Cox & Bogoff or whatever the fuck her made up name is:

Now, what I want to know is did our Craig also take part in the Joke Ox old bollox? I mean to say that Mackinlay looks very much like Jo Cox's mother – *allowing for photo-shopping of course* – as well as the Vicar who held a memorial for the slain ~~MP~~ Actor:

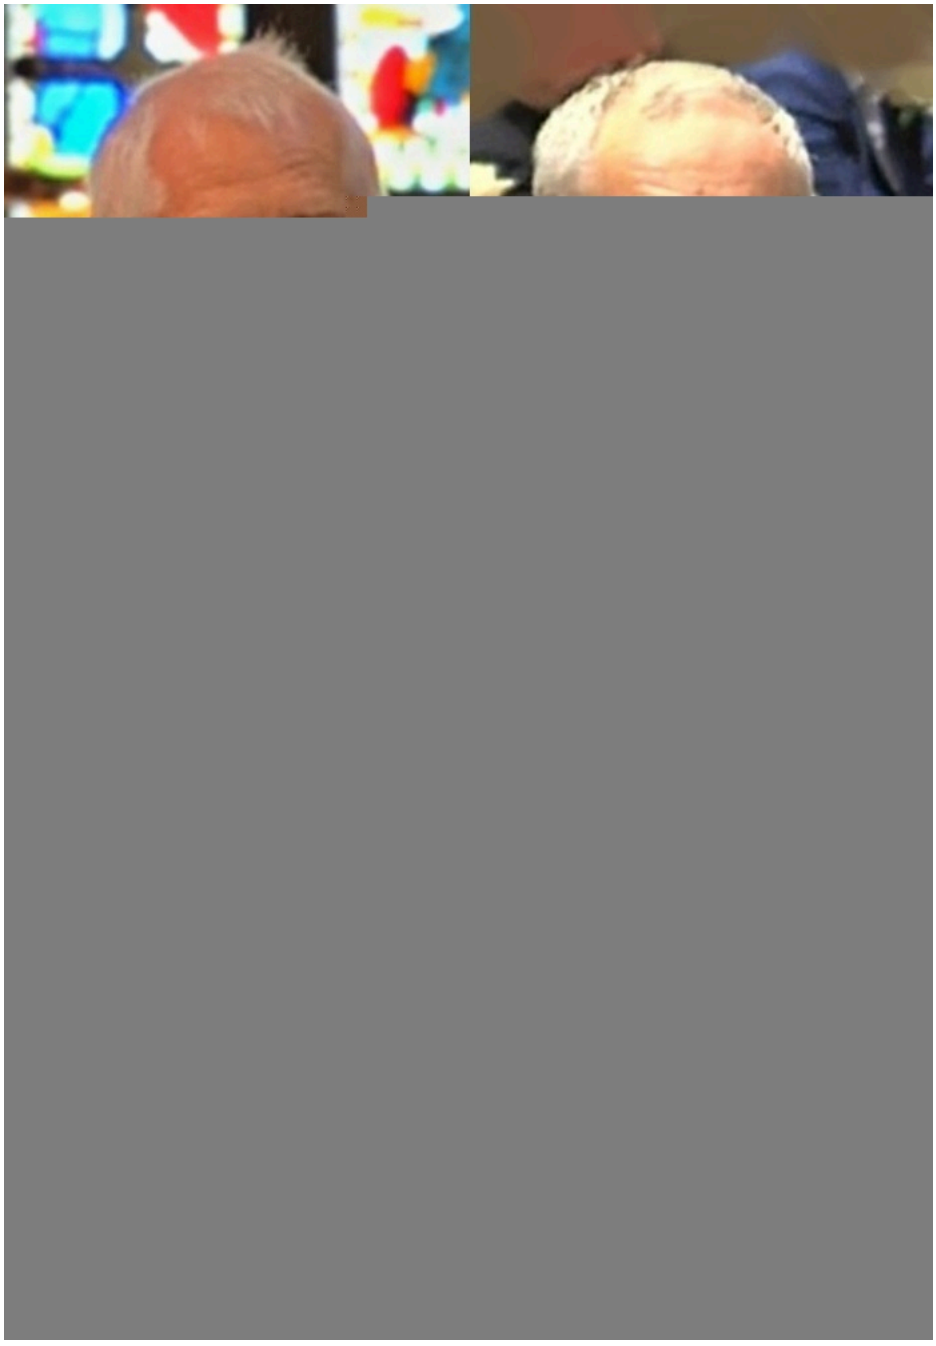
interesting frown line.

interesting ears.



Hmmm… Inconclusive.

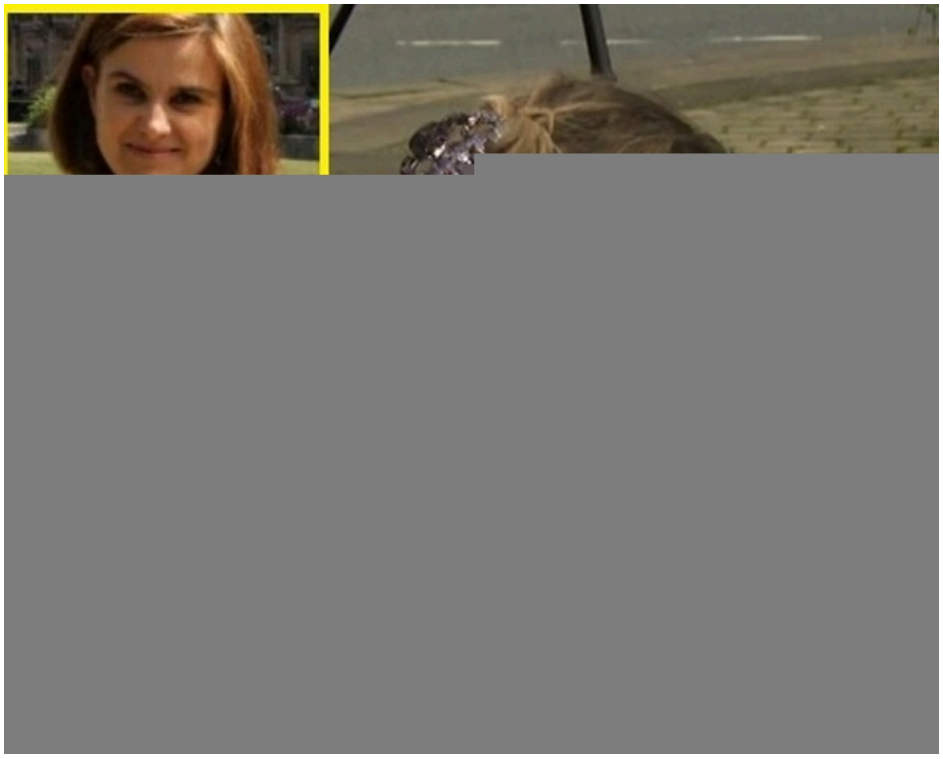
Although that was obviously not the only memorial held for Jo Cox… Indeed in the case of Psyop's there have to be loads and at another one, the Vicar looked distinctively like Jeremy Corbyn:



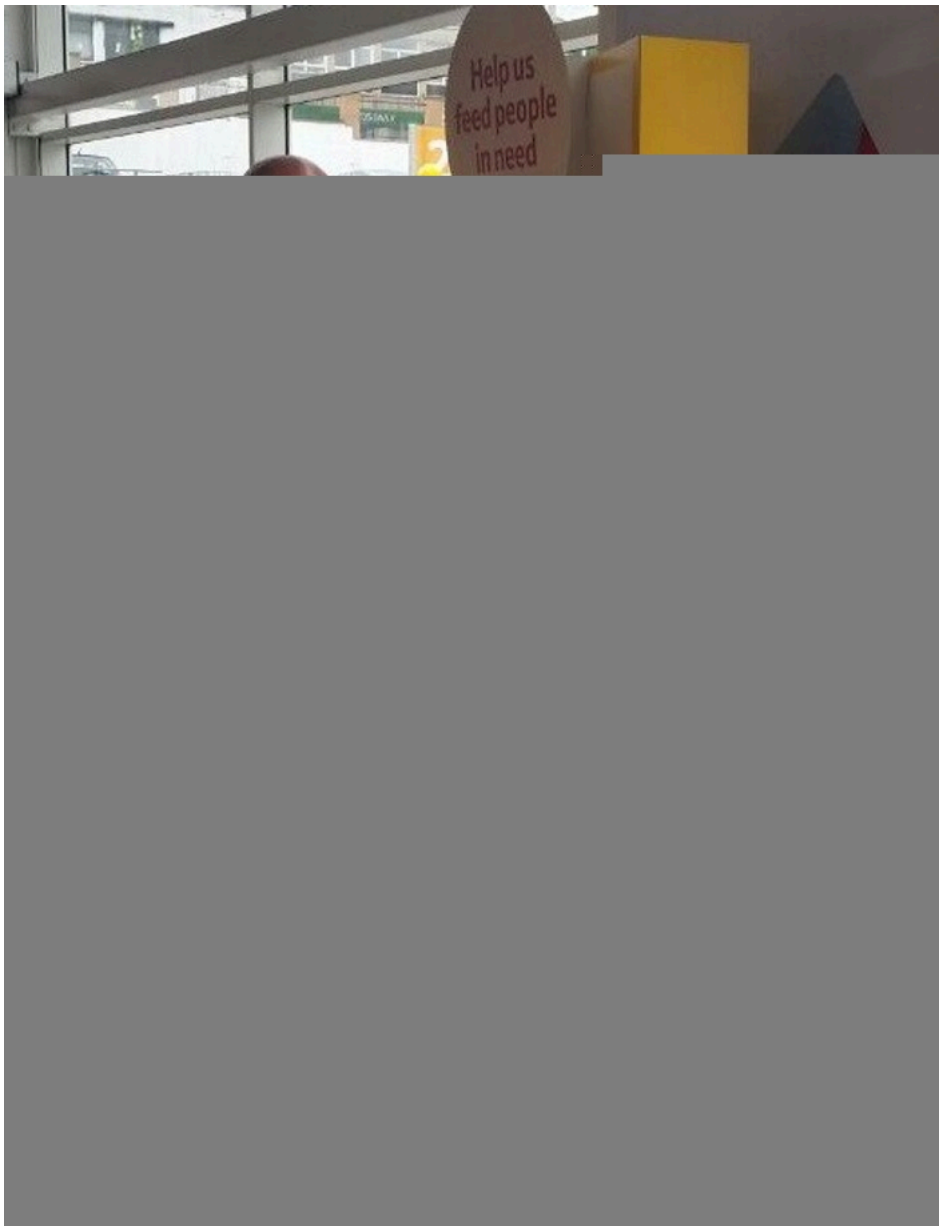
And of course, Corbyn was very prominent in the Jo Cox fraud and as we have already seen in this series of articles, Old Jelly isn't shy at taking on various roles of other people.

In fact, in all probability he played the role of weapons expert, Dr David Kelly.

And just to take the piss a little more, Joke Ox probably went to her own memorial:



As well as posing with a mush who looks just like her [fake] killer:



Just sayin'.

However the earlier aforementioned, Rachael Whetstone was certainly one of those who played the role of Jo's sister, Kim leadbeater – as you can tell by the inset photo of Whetstone, in the very, very poorly photo-shopped image below:

I mean, just look how Jo's mother, Craig is wedged behind the podium but in front of her 'daughter' for fucks sake!

And as for Daddy Leadbeater, well he also took part in the Paris terrapin Bollox:

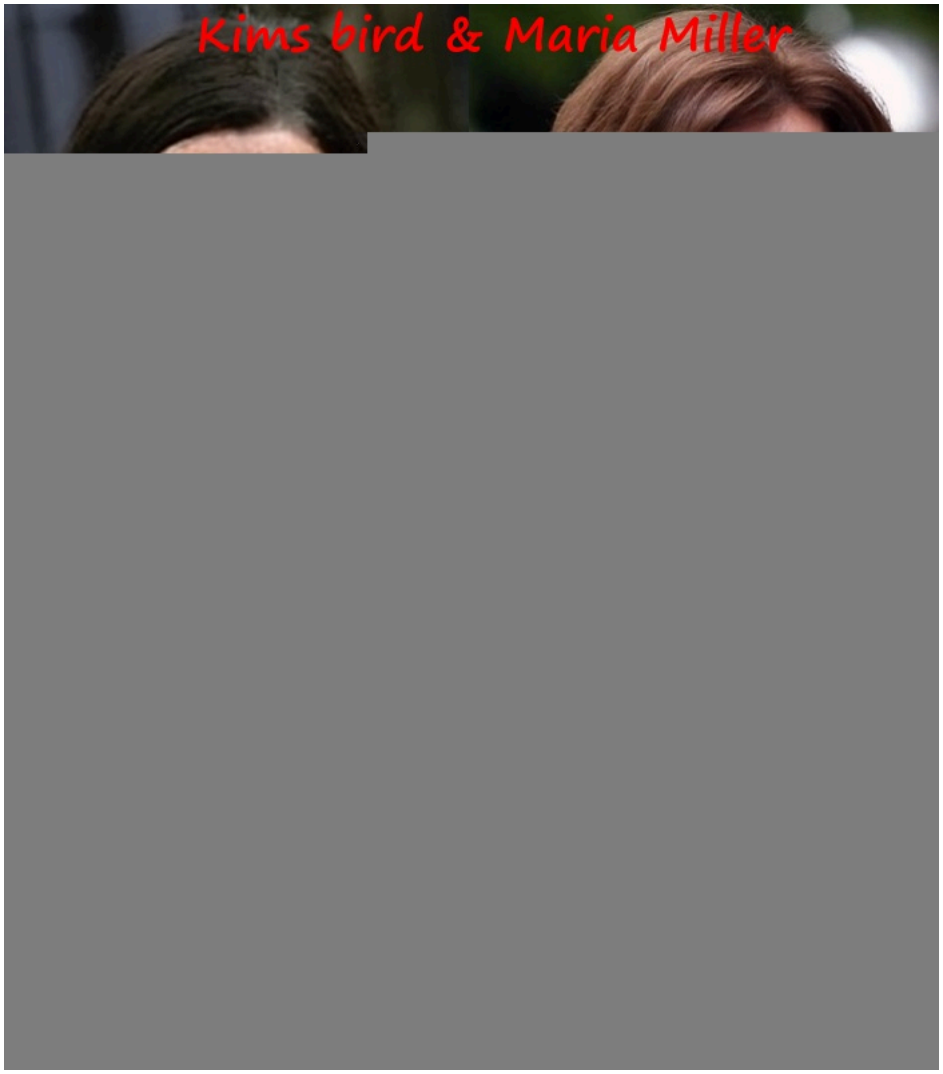
Above Photo: Daddy Leadbeater saying his prayers for some reason or another.

Below Photo: Daddy Leadbeater acting as a cop in the aftermath of the Paris psyop with an inset photo of him to compare the all important ears:

Oh, and did I mention that he was also a paramedic in the Shoreham plane crash hoax?

As well as a forensic cop investigating his own daughters murder!

And if you return to the image where Papa Leadbeater is saying his prayers you will notice the ever present bird in the background dressed in red. This is supposedly Kimbo's girlfriend (*well someone has to be gay in the old bollox*), although I strongly believe she is in fact the controversial/dodgy, now former MP, Maria Miller…



In turn, both are probably hoax '*child killer*', Tania Clarence:

What's more, Tania Clarence is in all probability Clare Cameron, the made-up sister to the construct David Cameron.

And as coincidence would have it, Dave the Rave supposedly has another sister called Tania:

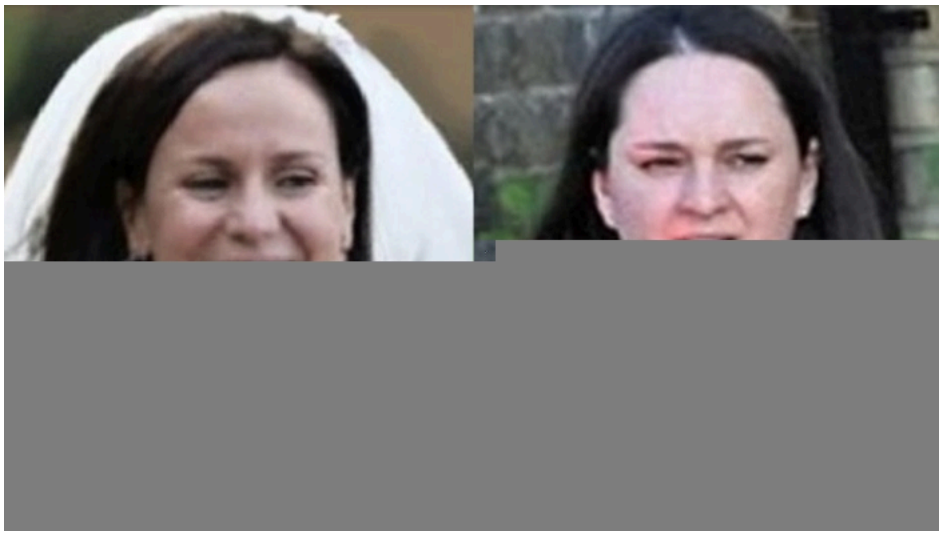


PHOTO: Clare Cameron and Tania Clarence.

Compare the ears and nose and take note that both of them have blatantly photo-shopped hair.

And of course, if you believe the hype, it was Clare Cameron who introduced her brother, Dave the Rave to Sam the Rave.

But it don't end there Because I found a Billie Jo COX along the way:

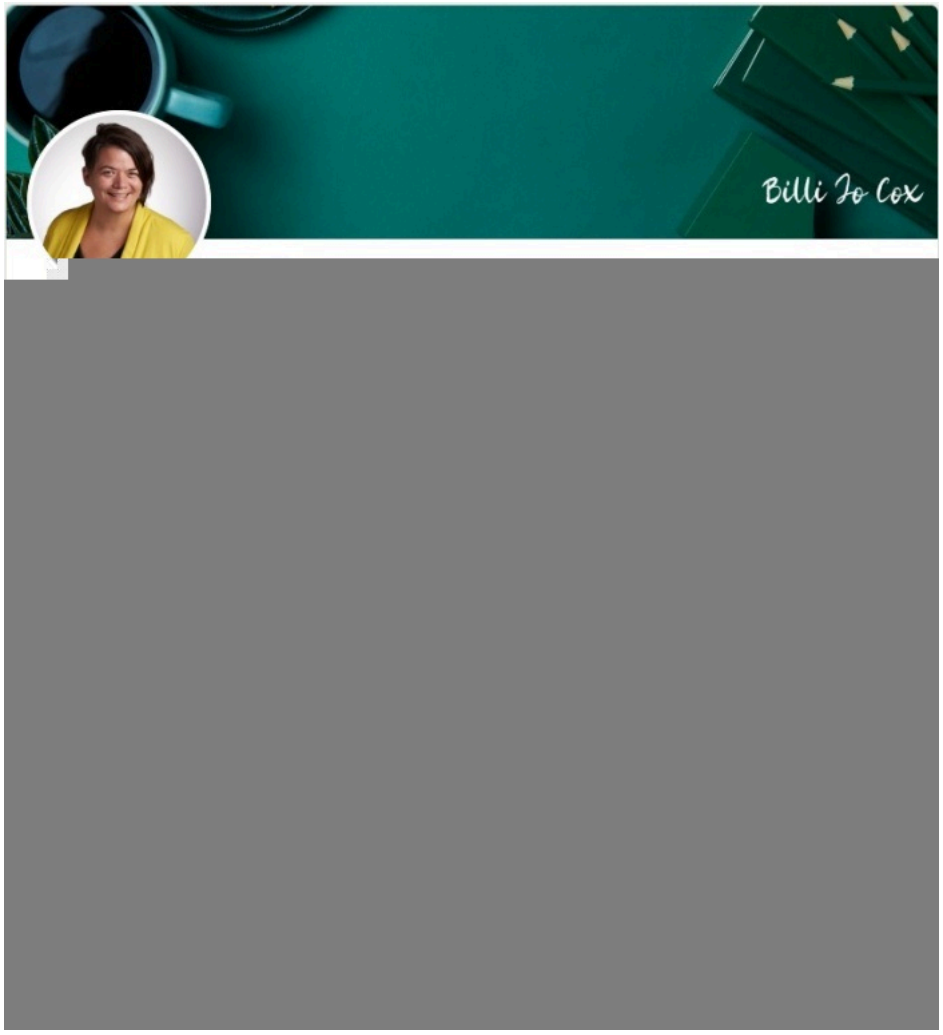

PHOTO: Billie COX and Maria Miller

Furthermore, I also pointed out in the Jo Cox fraud that one of the grieving crisis actors tearfully mourning the death of the non-existent MP – *whom she presumably didn't know from Adam* – was in fact the MP for Sheffield Brightside & Hillsborough, Gill Furniss.

Gill only became an MP a month before Cox was pretend murdered, taking over from her *'husband'*, Harry Harpham, who was only elected in the 2015 election before allegedly pegging out in February 2016… Indeed it is the norm for the actors taking part in these frauds to have different surnames to their spouses:

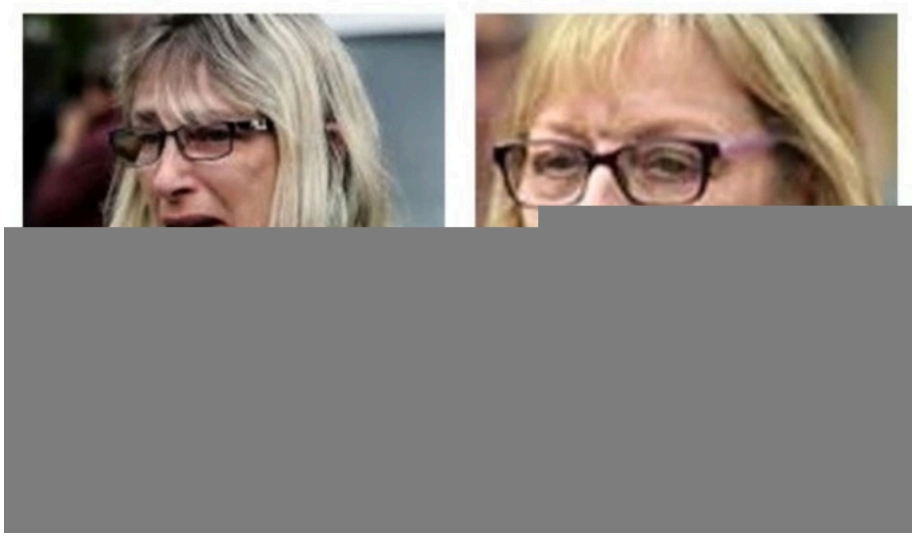

PHOTO: A comparison of a member of the public, so upset by the Jo Cox murder she couldn't control her emotions and Gill Furniss MP.

And if you wanna really good laugh then you really gotta see this next very photo-shopped image of Jo & Kim.

That is to say any image of Jo & Kim would have to be photo-shopped because neither one exists… But see if you can spot the join in the image – it ain't fucking hard:

Mind you, the last time I saw a chin like that, Jimmy Hill was wearing it.

Course. after Joke Ox was 'murdered' her good friend, Tracey Brabin stepped in to save the day by taking her place as an MP.

Tracey Brabin (seen above) is of course an actress, best known for her role in Coronation Street – further proof that all these MP's are nothing more than actors.

And of course Coronation Street is notorious for employing actors who turn out to be paedophiles and sex cases. Nevertheless, once Tracey had finished her stint in Cox's seat, it was kindly taken over by Jo's make believe sister Kim Leadbeater.

Thus proving beyond all doubt that any cunt can be an MP and the British public are stupid as fuck.

Meantime, the made up persona, Kim is – *as I have already said* – probably played by the aforementioned Rachel Whetstone:

PHOTO: Comparison of the two chin-chinerys, Whetstone & Leadbetter (*Lead Better*).

And could I have been arsed to search – *which I certainly couldn't by this stage* – I can guarantee you that I could find much better photos to compare the two with.

Now, returning to Tracey Brabin and Coronation Street. Tracey could also have be one of those who played Joke Ox. I mean their ears, noses and bottom teeth would certainly attest to the fact:

A change of hair colour makes a great disguise.

And once again, do not forget that we are mostly dealing with photo-shoots and photo-shopped images here – not real people.

However, continuing with the Coronation Street theme and I feel that I have to mention the actor Jack P Shepherd and the MP Gavin Barnwell:

I will leave you to decide who is who.

And then there is Phil Middlemiss, the actor who played ‘Corries’ Des Barnes.

Des Barnes was written out of the soap opera and fell into obscurity; around about the time that our hero Craig Mackinley began to trickle into the news headlines.

And Craig also played a controversial Doctor who I reported on at the time but being the twat that I am I filed him under the name of Dr Wibble-Wobble… Go me:

And of course, Dr Wibble-Wobble also matches Phil Middlemiss perfectly:

PHOTO: Wibble-Wobble compared to Middlemiss.

You really couldn't make it up, although the Monsters always do.

Mackinlay is also a ringer for the ultra-strange MP, Michael Fabricant (*Fabricated*):

PHOTOS: Comparisons between Michael Fabricant and Craig Mackinlay.

And trust me; I have evidence to link the Bionic Man to many more MP's.

In fact knowing what we do now, would it be too bigger leap of faith to suggest that Sepsis Craig in hospital could be a composite of the retired MP George Howarth:

It maybe even be a case of the face being a bit of them both.

I mean that would certainly explain why the film footage & images of Craig in hospital were of such shit quality:

However, I am not saying that the above is fact, I am just putting it out there for your consideration.

And I also have evidence linking Craig's '*wife*', Kati Mackinlay to many frauds… Interestingly enough, there are not too many occasions in which the very glamorous Kati took part in photo-shoots with Craig – this Bionic Man episode in fact being the first since Kati Mackinlay was shown arriving at court to support her criminal husband back in 2019.

Nevertheless, you will hopefully remember that I mentioned the MP Esther McVey earlier on in this series of articles, along with the fact that in certain images, she was/is a ringer for the MP Nadine Dorries.

Therefore, it is also worth noting that McVey also started her career in television before effortlessly moving on to be an MP. And as you might have already guessed, McVey and Dorries are also ringers for Kati Mackinlay:

PHOTO: Kati Mackinlay compared to Nadine Dorries

And below is a comparison between Kati Mackinlay & Esther McVey:

The above photo shows Kati & Craig with an inset photo of McVey.

And the comparison below shows a recent image of Kati compared to McVey:

Just look at the noses for fucks sake!

Moreover, it wasn't until hubby Craig's Sepsis revelation that we finally found out details about Katia. It seems that Katia is 44 years old and been married to Craig for 12 years:

Her mother is a pharmacist. Her brother is a doctor, her sister is a doctor, both working nearby, and her brother-in-law is a senior consultant in A&E in Tunbridge Wells. She has all sorts of medical equipment at home, including the blood saturation monitor… ***Source***

And that farticle gives us some more up-to-date photos in which we see that she is still a ringer for Esther McVey:

And of course, I cannot end this article without mentioning reincarnation and clones… Indeed, the latter may be the case with many of the images above, not least Winnie the Poo & W.C Fields and David Cameron Cooper & the Duff Coopers – given the strikingly similar ears.

Now, for those of you rolling their eyes at the minute – *probably not for the first time either* – at this point, you might be surprised to know that cloning was secretly, pretty far advanced by the 1880's, so imagine what they are capable of nearly 150 years later?

And by way of an example of cloning, take a look at the WW2 Nazi, SS Major General, Reinhard Heydrich.

Reinhard Heydrich was one of the main architects of the "Final Solution." He was chief of the Reich Security Main Office, the SS and police agency most directly concerned with implementing the Nazi plan to murder Jews of Europe during World War II. SOURCE

And since these Cunts like history to repeat its self now take a look at the former head of MI6, Alex Younger (*Younger? Oh my days*), who Is the double of Reinhard Heydrich… The alleged architect of *'The Final Solution'.*

Shall we go compare?

Of course we fucking shall:

Now the chances of us having a doppelganger in the world are actually 30 billion to one. Course, Heydrich cannot possibly be the much YOUNGER, Younger as the Nazi was born in 1904 & the former MI6 chief was born in 1963 – which massively narrows down those thirty billion to one odds. But when you consider both of their jobs then those odds rapidly rise again.

Clones perhaps? Or even reincarnation – which is something else that cannot be ruled out, because as I say; if there was fuck all to be had from Satanism, then the Monsters would not waste their time.

We then need to take a look at the notorious Dr Josef Mengle AKA the Angel Of Death.

You see, Mengle is a doppelganger for the British spy, Guy Burgess… Who were born a month apart in 1911.

If they are not clones then they look odds on favourite to be one and the same to me.

Read more HERE including how Terry May fits into all this.

Nevertheless, more recent clones may well include the odious MP Jacob Reese Mogg and the evil Lord, Peter Mandelson – whose nick name incidentally is the Prince of Darkness:

And then there is the openly perverted paedophile, Peter Tatchell, who advocates for nonces under the guise of ‘Human Rights’.

Indeed, Tatchell may well be a clone of the former US President, Thomas Jefferson:

After all, as I think I have more than proved in another long lost article that I cannot find on the *wayback machine website*, many, many prominent people appear to be clones of the American forefathers.

Moreover, as I mentioned earlier in what now feels to be months ago, Tatchell may or may not also play the role of the MP Ben Bradshaw:

And in that last photo Tatchell is pictured with the alleged paedophile & former MP Harriet Harmon – She only jacked it in earlier this year don't cha know?

Harmon, who was employed by the NCCL which had ties to PIE (paedophile information exchange) later denied that she along with Tatchell wanted to water down the offence of child pornography:

Harriet Harman has embarked on an abrupt change of tack and expressed regret that her former employers at the National Council for Civil Liberties (NCCL) granted affiliate status to a paedophile lobbying group in the 1970s.

Less than 12 hours after the Labour party's deputy leader told BBC's Newsnight that she was the victim of a smear campaign by the Daily Mail over the NCCL's links to the Paedophile Information Exchange (PIE), Harman's office issued a statement expressing regret about the links.

Harman said she had supported the equalisation of the age of consent for gay sex, but never campaigned for the age of consent to be lowered to 10. She also rejected the idea that she opposed the law on incest, saying the document referred to by the Mail was written before she started to work at the organisation.

On the allegation that she was seeking to water down a proposed ban on child pornography, Harman said the NCCL had argued for measures to stop the criminalisation of pictures used for sex education or those taken by parents of their children on the beach or in the bath. She said anyone could apply to join the NCCL on payment of a fee and the PIE was just one of nearly 1,000 affiliated organisations.

"I was aware that because NCCL opposed censorship and supported gay rights, paedophiles had sought to exploit that and use NCCL as a vehicle to make their arguments. But by the time I came to work for NCCL this vile organisation had already been vigorously challenged within the organisation," she said. SOURCE

And to quote a famous saying: Well she would say that wouldn't she?

Mind you, Clones tend to break down at times, which may well be why some of them have trouble eating – especially David Cameron-Cooper.

At least that is to say; one of the David Cameron's since we now know who he really is:

Do clones even need to eat? Fucked if I know.

In fact when it comes down to eating, these ‘things’ just appear to switch off.

And it aint just Dave the Clone who has this problem. So here are just a few of the many images of Politicians making a fool of themselves whilst trying to come to terms with the subtle art of eating:

Mind you, this eating disorder could just as easily be down to the aforementioned false teeth that they are often required to wear.

And as I am forever telling you, these bloodline Monster's do not like to stray too far outside of their parameters when it comes to breeding; hence family's like the Rockefellers, Rothschilds, Kennedys, Windsors, etc, etc all look the fucking same… As we have seen with Donny Fart & Amshel Rothschild in the last article.

Furthermore, where the men of these families are concerned having bastard children by different mistress's is seen as a duty rather than a blight on their character. And indeed more often than not, these illegitimate children are well taken care of and later on in life (*once they have been programmed of course*) they are used to fill top jobs.

For instance, if all American heart-throb John Wayne (*May 26, 1907 – June 11, 1979, real name Marion Morrison*) is not Laurance Rockefeller(May 26, 1910 – July 11, 2004) , then he must surely be part of the clan:

Did you clock the birth & death dates? Rockefeller being born 3 years to the day that John Wayne was and dying 25 years and 1 month to the day that John Wayne died… Now what would the fucking odds on that be?

Zeebignose Brzezinski was almost undoubtedly another Rockefeller, who bore a very similar look to John Wayne – as did David Rockefeller, the youngest & probably the most evil of the five brothers:

And according to Wikipedia:

Zbigniew Kazimierz Brzeziński known as Zbig, was a Polish-American diplomat and political scientist. He served as a counselor to Lyndon B. Johnson from 1966 to 1968 and was Jimmy Carter's National Security Advisor from 1977 to 1981.

Indeed, just like John Wayne his eldest son, Michael also carries the Rockefeller genes:

And for that matter, Abraham Lincoln could in fact easily pass for a Rockefeller and many other of the lookalike American Presidents & history makers:

Henry David Thoreau was, according to Wikipedia:

Henry David Thoreau (July 12, 1817 – May 6, 1862) was an American naturalist, essayist, poet, and philosopher.

Thoreau was a lifelong abolitionist, delivering lectures that attacked the fugitive slave law while praising the writings of Wendell Phillips and defending the abolitionist John Brown. Thoreau's philosophy of civil disobedience later influenced the political thoughts and actions of notable figures such as Leo Tolstoy, Mahatma Gandhi, and Martin Luther King Jr.

And that is just for starters:

Henry Clay, again according to Wikipedia:

Henry Clay Sr. (April 12, 1777 – June 29, 1852) was an American lawyer and statesman who represented Kentucky in both the U.S. Senate and House of Representatives. He was the seventh House speaker as well as the ninth secretary of state. He unsuccessfully ran for president in the 1824, 1832, and 1844 elections.

And as for John Brown:

John Brown (May 9, 1800 – December 2, 1859) was a prominent leader in the American abolitionist movement in the decades preceding the Civil War. First reaching national prominence in the 1850s for his radical abolitionism and fighting in Bleeding Kansas, Brown was captured, tried, and executed by the Commonwealth of Virginia for a raid and incitement of a slave rebellion at Harpers Ferry in 1859.

I should also point out that just like Jimmy Carter (see Who Is The Real Crook); John D Rockefeller II was also still walking around despite being dead:

Wanna see what else I got?

Of course you fucking do:

Now, it is a little known fact but it was the Rockefeller's who funded the 1917 Russian Revolution:

At the time the Czar abdicated and for the next several months, the eventual leaders of the Bolshevik Revolution, Lenin and Trotsky, were not even in Russia. Lenin was in Switzerland and had been living in exile since 1905. Trotsky also was in exile, working as a reporter for a Communist newspaper in—would you believe—New York City.

Trotsky was allowed to return to Russia with an American passport; Lenin was spirited across Europe in the famous sealed train. They joined forces and by November, through bribery, cunning, brutality and deception, were able to hire enough thugs and make enough deals to seize control of Petrograd. The Bolsheviks came to power not because the downtrodden masses of Russia called them back, but because very powerful men in Europe and the United States, including members of the Rockefeller family, sent them in…

Of course, far more is involved here than just monopolists seeking new captive markets. The same people who bankrolled the Russian Communist Revolution turn out to be the same ones who fastened the graduated income tax onto the American middle-class while avoiding it themselves; and it is the same group that foisted the fraudulent Federal Reserve System onto an unsuspecting American public. The actions of these super-capitalists over a period of many decades reveal that they were not merely plotting to acquire more profits; they were involved in a conspiracy for control of the world! SOURCE

Nevertheless, to cut a long story short, following the 1917 revolution, Trotsky became Lenin's number 2… However, Lenin's health began to seriously falter in 1921 leaving Joseph Stalin free to make his power play:

In late 1921, Lenin's health deteriorated and he was absent from Moscow for longer periods of time. He had three strokes between 25 May 1922 and 9 March 1923, which caused paralysis, loss of speech and finally death on 21

January 1924. With Lenin increasingly sidelined throughout 1922, Stalin was elevated to the newly created position of the Central Committee general secretary... Wikipedia

And with Lenin on his death bed, Trotsky was seeing his importance quickly slipping away as Stalin's power took hold… Joe Stalin & Leon Trotsky hated each other.

Therefore, when Lenin kicked the bucket in 1924 and Stalin assumed power, things had got so bad between the new Party Leader & Lenin's former No 2, that Trotsky was forced to flee Russia in 1926 to avoid being murdered… Course, after 3 or 4 attempts at having Trotsky assassinated, Stalin eventually got his man in 1940… The following is from Wikipedia:

On 20 August 1940, Trotsky was attacked in his study by Spanish-born NKVD agent Ramón Mercader, who used an ice axe as a weapon. The operation was known within the NKVD as "Operation Utka" (Operation Duck).

A mountaineering ice axe has a narrow end, called the pick, and a flat wide end called the adze. The adze of the axe wounded Trotsky, fracturing his parietal bone and penetrating 7 cm (2.8 in) into his brain. The blow to his head was bungled and failed to kill Trotsky instantly. Witnesses stated that Trotsky spat on Mercader and began struggling fiercely with him, which resulted in Mercader's hand being broken. Hearing the commotion, Trotsky's bodyguards burst into the room and nearly beat Mercader to death, but Trotsky stopped them, laboriously stating that the assassin should be made to answer questions. Trotsky was then taken to a hospital and operated on, surviving for more than a day, yet ultimately dying at the age of 60 on the 21st of August, 1940 from blood loss and shock.

Or so the story goes, yet even that alternative history is probably total bollox too.

You see. with these mad cunts there is never ever just two sides of a story and I would be inclined to think all the above is just drama and the Rockefeller's along with the Rothschild's & other blood-line families have always maneuvered their puppets into the Russian elite.

Nevertheless there can be little doubt that both Vladimir Lenin & Leon Trotsky were Rockefeller puppets and in all probability illegitimate offspring… As was Joseph Stalin

And in regard to reincarnation; well that is a lot harder to prove although the following image is interesting:

Ferrari died on the 14th of August 1988 & Mesut was born on the 15th of October 1988.

And before I sum up, what follows is an interesting collection of images that I have found whilst searching my photo archives for this series of articles.

However, I will leave it up to you to decide if the people involved are one-and-the-same, clones, reincarnates or just coincidental look-alikes… Nevertheless, in doing so, I will remind you that nearly every major event of the 20th century was a psyop and could easily have been avoided had the monsters not wanted it to happen.

Moreover, these psyops go from seemingly unimportant news to major events, but all are done for a reason, even if it is just to create that all important joinder.

For instance, WW2 was funded on both sides by the Rothschild's, with a hard to deny conspiracy theory that the major players making up the Nazi war machine were created by Walt Disney… Google it.

You also need to bear in mind that the "actors" involved in these psyops range from minor not well known persons to those near the top of the pyramid. And these psyops infringe on every part of our lives including televised sport and local Councils… Anything is fair game and as you have seen, this shit has been going on for hundreds of years – gaining in frequency as technology has advanced.

And finally, to help you make up your mind, remember, these sock-puppets, crisis actors, clones & reincarnates etc, etc all stem from or are very close to the elite.

So, I will start with sport (*giving mind to the above Ferrari & Ozil*) and my lifelong support of Leeds United. For example below is a comparison of Leeds legend, Billy Bremner and top footballer, Wayne Rooney who to my mind must be clones, perhaps done so in order to artificially create the perfect footballer… If not, they can only be coincidental lookalikes.

And in studying the comparison take a look at their noses, their gappy front teeth and dumbo ears.

Quite why David Harvey & Joe Jordan are pictured looking identical I haven't a clue, since in most photos they are easily recognizable as different people. Therefore (the photos come from the early to mid 1970's) I can only think it is to create joinder for some reason.

Next up is the former MP Mary Macleod who was also a policy adviser to the Queen.

PHOTO: Mary Macleod & Maggie Thatcher.

Now I can tie Macleod to many MP's but I think we have seen enough of that shit over these four (five) articles. Instead I am going to tie her to faces from the past and pose the question: Is she a clone?

Indeed, it is telling that she was an adviser to the Queen and the splitting image of Princess Margaret:

PHOTO: Macleod & Slaggy Maggie comparison.

Furthermore, images of the Queen were used to portray her sister Margaret:

Why?

And again:

Moreover, I strongly believe that Slaggy Maggie played Anne Frank – they were born within a year of each other:

PHOTO: Anne Frank & Princess Margaret comparison. One hundred percent every time.

There are plenty who believe that the Ann Frank story is a fake.

Moreover, it is well documented that the abdicated King Edward was a Nazi sympathizer:

And indeed, the Queen & Prince Philip were without doubt Satanically connected in images:

I mean, what other reason could there be? And neither is it just that photo; there are many more showing them to be Satanically connected.

And it would appear that this Royal ‘tradition’ began long before the – *now deceased* – Queen was about.

For instance, below is Prick Philip’s mental mother Alice & Queen Mary:

Course, anyone who knows Royal history will indeed be aware that Prick Philips Mum, Princess Alice spent many years in mental homes before eventually proclaiming herself a Nun.

Meanwhile, Philip's dad was a closet homosexual who fucked off with a young trollop and left the future Prince in the care of the two predatory paedophile brothers, Louie & George Mountbatten… Or so the story goes.

Furthermore, it would seem that the Queer Mother was also in on the act:

Which brings us back to the WW2 conspiracy theory regarding the Nazi war machine being a Disney production.

And it has to be said that old Adolf & Walt are very alike:

And I do have other comparisons of Disney & Hitler but I cannot for the life of me find them in my archives. Nevertheless, his missus Eva Braun was more than likely a series of actors including **“Leni” Riefenstahl**:

After all, the wife of the most powerful man in Europe at the time would surely not allow herself to be photographed in the nude:

Or maybe she would!

Now of course, having make believe MP's and what-not is a very financially lucrative business for some lucky recipients… That is to say that the personas may be fake but the wages are very real. And with the average wage of an MP coupled with their expenses you are looking at around £150 Grand plus a year.

In fact if I was to hazard a guess I would say that the real number of our MP's would have no trouble filling those 427 available seats in the House of Conmen's.

Indeed most MP's have at least one second job which makes a mockery of Craig Mackinlay's claim that our MP's average a 70-80 hour working week… Do they bollox, it is money for old rope.

Nevertheless, to get back to the Bionic Man's intention to stand for re-election on July 4th and what I said in respect of this: "***After all, Mackinlay would doubtlessly romp home on the sympathy vote alone. This in turn would mean that the self-styled Bionic Man would be continually in the public eye, which would be no mean feat if he really were missing all 4 limbs***".

And with that being the case, I earlier put forward the suggestion that Mackinlay must have really lost all four limbs.

However, a day or so after throwing his hat into the ring, Mackinlay did a 180 degree turn around:

The snap election announcement has caused me 36 hrs of intense soul searching. Whilst my heart tells me to stand again, there being so much unfinished business across local regeneration and national issues which are important to me, my head knows this to be impossible at this time.

It would be difficult to withstand the rigours of an all-out election campaign, a campaign that I'd always wish to lead from the front. Thereafter, upon being re-elected it would be difficult for me to sustain 70 to 80 hour working weeks which were the norm prior to my illness.

I don't know why the '*rigours of an all out election campaign would be too difficult to stand*' – but I feel sure that the pun was intended. That is to say that Craig appears to have no problem at all standing.

Yet all he would need to do is appear at one or two venues in a wheelchair, added to a few TV & press interviews and he would romp home… No doubt with a lot bigger majority than when he beat Nigel Farage and the '*Pub Landlord*' to first win the seat.

Albeit our Craig later ended up in court following the victory.

Nevertheless, Mackinlay's statement continued:

I had hoped to phase my return to the House of Commons over the coming months as my abilities improved. Since leaving in-patient rehabilitation a month ago my life now revolves around various medical appointments. I face numerous future operations as a result of the serious sepsis that I suffered which very nearly took my life. I have only just started the prosthetic journey and I have weekly physiotherapy and occupational therapy sessions.

You could have fooled me on that fact. And as for: "***I face numerous future operations***" – well given the legs and arms you have got, that cannot possibly be true… Sorry… Carry on:

I had the most memorable appearance of my time as an MP at this week's PMQs: it was emotional and the experience quite surreal. I shall never forget it. I had expected it to be the start of my return. It will, however, be remembered as my last hurrah. I will now campaign to raise awareness for, and particularly the early recognition of, the onset of sepsis. If this results in the saving of one life or the prevention of the type of disablement that I have suffered it will be a worthwhile campaign.

I will also do all that I can to ensure that multiple limb loss amputees get the right prosthetics at the right time to ensure that lives can return to as close to normality as possible. To be elected to the House of Commons is a rare privilege of life. I thank my South Thanet constituents for placing their trust in me across three General Elections.

And there you have it. Mackinlay will be well and truly out of the public eye making it no trouble what-so-ever to don his long trousers and star-trek gloves when needed… Indeed, give it a few months and the gullible public will have forgotten all about him.

Mind you, he can afford to lose his MP salary as he is apparently so financially well off:

He is, however, no longer looking to stand in July's General Election: "with the early call of the election," Kati says, "he realised that he couldn't push his physical limits." He plans instead to have a portfolio career. Money is not a concern. "He is still a partner in his accountancy firm, specialising in tax advice." Source

Although according to his portfolio, that partnership only brings in £1500 per month:

Craig was former accountant and tax advisor. In 2021, the register of Members Interests showed him to still be a shareholder in Beak Kemmenoe Chartered Accountants, a business from which he earns a monthly fee of £1,500. Source

However, in order for the millionaire to continue riding the gravy-train, that newspaper article given by Craig's good pal, ***The Right Honourable (ha ha don't make me laugh), MP, Adam Holloway*** ended thus:

Mr Holloway's role emerged amid suggestions that Mr Mackinlay, who has now decided to stand down as an MP, should be given a seat in the Lords. Last night, Commons Speaker Sir Lindsay Hoyle declined to comment on that but he told The Mail on Sunday: 'Craig Mackinlay is an inspiration to us all – he really is.'

Not to me he ain't Lindsay, but well done Craig… Have a cigar me old mucker:

And fuck me, if those lyrics were not written about the former Pink Floyd front-man, Syd Barret, they could easily be about the offer made to Craig Mackinlay:

Come in here, dear boy, have a cigar, you're gonna go far
You're gonna fly, you're never gonna die
You're gonna make it if you try, they're gonna love you
Well, I've always had a deep respect and I mean that most sincere
The band is just fantastic, that is really what I think
Oh, by the way, which one's pink?

And did we tell you the name of the game, boy?
We call it riding the gravy train

We're just knocked out, we heard about the sell-out
You gotta get an album out, you owe it to the people
We're so happy we can hardly count
Everybody else is just green, have you seen the chart?
It's a hell of a start, it could be made into a monster
If we all pull together as a team

And did we tell you the name of the game, boy?
We call it riding the gravy train

Finally, it is important for all of you trolls and doubting Thomas's to remember that – *as I have already said* – what I have shown you above is but a quarter of the evidence that I hold with knowledge of much, much more… So think on before boring me to death with your banal comments.

And I was right about Mackinley fading into obscurity whilst being called on every now and then to further help a government agenda… For instance pushing the severely disabled into employment:

Told ya.

Furthermore, I will also remind you that it has been necessary to show you & detail all of the above so as you know exactly what we are dealing with… All the answers are there for you so I will not be responding to any "*tell me how*" questions. It is all there set out in great painstaking detail, so there should be no need for any and what is not there, then you only need think for yourself.

Nevertheless, should you wish for me to disclose more in further articles on our fraud MP's etc, just let me know… And I will think about it.

Just sayin'. Love you all very much.
